

CODE COMPLIANCE
DEPARTMENT:

HEALTH/SAFETY INITIATIVE
DUMPSTER TASK FORCE

Health/Safety Initiative

We care about the environment and understand the significance of doing everything possible to help keep the City of Doral clean.

Our goals are to...

Address damaged garbage storage facilities and enclosures.

Ensure all garbage cans or containers, trash containers, or dumpsters are completely screened from the adjacent properties and the public right-of-way.

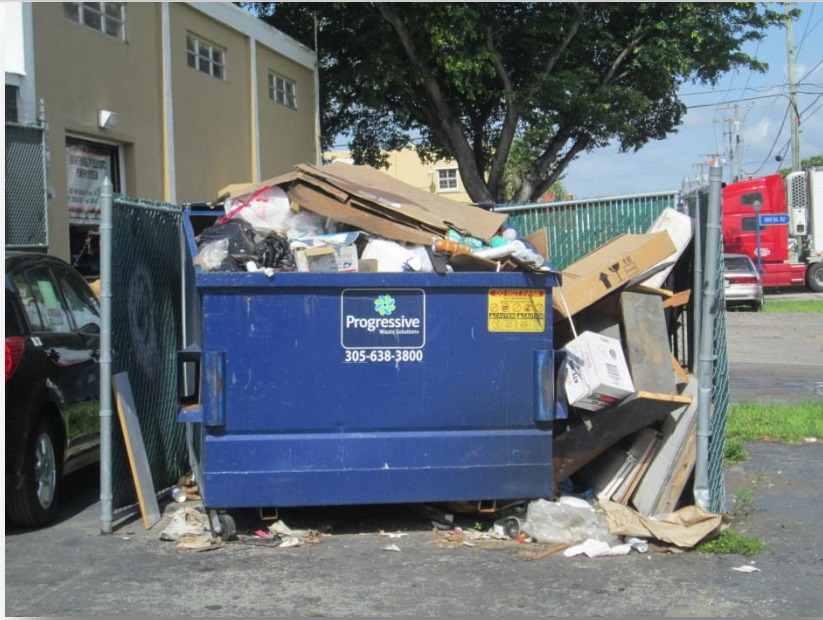

Focus on violations involving failure to remove waste and overflowing trash.

Inform the public on how to report illegal dumping through Doral 311.
