Benefits of the program may have direct or indirect impact on the Doral community. Programs may include those activities of an organization that may have a direct impact on the residents or those activities such as local businesses that may have an indirect impact on the residents.

Fund Determination

The award amount will be determined by Council for each fiscal year during the budget process.

Organizations that receive other sources of funding through the City may be ineligible to receive a CBO grant award. In certain cases, Council may determine to grant the CBO award, but may chose to deduct the same award amount from the other source of City funding.

Responsible Department

The Procurement Division of the Finance Department will administer the CBO Grant Program.

Program Frequency

The CBO Grant Program will be advertised once a year during the first quarter of the fiscal year (October 1 through September 30), unless otherwise decided by Council.

Advertising

The Procurement Division will prepare and update the grant application each year, establish the submission deadline with the City Manager, and forward the application to the Office of the City Clerk for advertisement.

The City Clerk will have the application advertised in a prominent local newspaper of general circulation no less than four (4) weeks prior to the submission deadline. The grant shall also be posted on the City's website along with the downloadable application form.

Subsequent award cycles may not be advertised in the newspaper, they will be posted only on the City website.

Scoring the Application

The maximum score that can be achieved on any one application is 100 points. An application must achieve a minimum average score of 70 points to be considered eligible for award, unless otherwise determined by Council on a case-by-case basis.

The points are broken up into the following categories:

Executive Project Summary	10 points
Application Form (Questions 1 through 7)	70 points (10 points each question)
Summary of Work Plan Form	20 points

Scoring of the application will be considered by each committee member on the merits of the applicant's program meeting the purpose of the CBO Grant Program.

Guidelines to assessing points for each of the categories are as follows:

Each committee member will objectively score each application on the merits of the program meeting the purpose of the CBO Grant Program and the completeness of the answer relative to the question. The following guidelines are established for assessing points to each of the categories contained in the application.

The Executive Project Summary contains eight (8) questions that must be addressed by the applicant. The committee member may prorate the 10 points between all questions and award the points accordingly if the principal concept behind the question is effectively answered, as it relates to the grant.

The Grant Application Form is made up of seven (7) questions each valued at 10 points. Question number one (1) is awarded the full 10 points if the applicant meets the requirements. Questions two (2) through seven (7) shall be awarded points based on the effectiveness of the applicant's answers in meeting the purpose of the CBO Grant Program.

The Summary of Work Plan should be a detailed plan of the program's schedule for implementation and use of the funds awarded for the proposed project. It should contain date ranges for all activities of the project or portions thereof that will be implemented using the award. The budget amount, project objectives and activities for

each of the program(s) or activities shall be listed. Points may be awarded on the thoroughness of the plan as it applies to the project(s) or activities being implemented.

Agenda Preparation
