## RCultures List of Workshops For the City of Doral

### RCultures Concept

Even in the most high-pace of industries, complacency is not only the enemy, but a constant reminder that motivation levels are running low. Getting along with your team is only step one in creating a fun, productive work atmosphere – step two is properly communicating goals and getting everyone aligned and focused on those goals to accomplish the mission. That’s where RCultures comes in. We provide solutions that help organizations accomplish their mission with the ultimate solution to corporate trainings. We accomplish this by aligning three key drivers of success – approach, process and strategy.

### 1. Cultural Competency/Diversity Training (CCDT 101) (2 hours) \$600

The case for improving cultural competency is clear in *“Problems in Paradise, The People of Palm Beach and Martin Counties Speak up,”* the comprehensive public opinion survey conducted in 2005 by The Community Foundation for Palm Beach and Martin Counties. The report states, “In diverse communities, the benefits of cultural exchange are often overshadowed by the fact that relations between racial and ethnic groups can be fraught with tension, emotion and some lack of understanding about other groups’ points of view. While 30 percent of residents describe race relations in South Florida Counties as excellent or good, 63 percent say they are fair or poor.”

On a universal scale, the National Center for Cultural Competence at Georgetown University has identified the following indicators:

- long-standing disparities in the status of people of diverse racial and cultural backgrounds
- need for higher quality of services
- regulatory and accreditation mandates
- the changing workplace environment
- increasing liability and/or malpractice claims

In response to these needs and the changing demographics of the United States and the need for residents to embrace its evolving cultures, RCultures, Inc. established a *Cultural Competency/Diversity Training (CCDT)*. Through CCDT, participants learn to view everyone as having a unique culture and gain tools to develop more culturally proficient personal and

© RCultures, Inc.

professional behaviors. The training addresses knowledge, attitudes, and skills by building on the RCultures steps to cultural competency.

**(CCDT 102)**

Rather than singling out specific groups or ethnicities by developing “lists” of values and beliefs, the approach focuses on communicating, building trust, being sensitive, recognizing and learning about the unique and special qualities of various cultures. This workshop digs deeper into race and culture and how to function effectively in the workplace.

- Explain the definition, terms and history of diversity
- Describe the meaning of stereotypes and biases, how they develop, and the reasons for your own perspectives
- List strategies for removing barriers to encouraging diversity for yourself, in the workplace, and in the social community

**(CCDT 103)**

- Use active listening skills to receive messages in a diverse population, employ effective questioning techniques, and communicate with strength
- Understand the importance of body language, both your own, and that of others, and recognize its importance in interpersonal communications
- Identify ways to encourage diversity in the workplace, and prevent and discourage discrimination
- Understand and respond to personal complaints, and develop a support system to manage the resolution process
- List the steps a manager should take to record a complaint, analyze the situation, and take appropriate resolution action
- Identify the process an organization must follow to receive and respond to a complaint, and then creating mechanisms to prevent or reduce repeat situations.

**2. Leading Across Generations: Lead Today Prepare for Tomorrow  
(2 Hours) \$600.00**

In response to these needs and the changing generations in the United States and the need for residents to embrace its evolving cultures, RCultures, Inc. established a *Leading Across Generations: Lead Today and Prepare for Tomorrow*. (Generational Diversity) Participants will get a deeper understanding of why people of different age groups tend to think, feel, and act as

© RCultures, Inc.

they do. You'll learn a variety of strategies and techniques for finding "common ground" for working more effectively, collaboratively, and productively with everyone on your team.

Objectives:

- Identify characteristics and gain a better understanding of the four generations
- Improve communications and teamwork
- Accept personal responsibility in working together
- Provide tips and suggestions for overcoming generational differences

**3. Prevention of Sexual Harassment in the Workplace (POSH 101, 102)**  
**(2 Hours) \$600.00**

The purpose of this training is to educate employees in the recognition and prevention of illegal workplace sexual harassment and to provide effective means of eliminating such harassment from the workplace. This interactive workshop provides employees the proactive approach on why this should be considered a priority for effective employee relations. This workshop covers important issues related to sexual harassment and other forms of prohibited harassment like race, color, religion, national origin, disability and age. The workshop present learners with realistic workplace scenarios that help them truly understand inappropriate conduct in the workplace.

**4. Violence in the Workplace (VITW)**  
**(3 Hours) \$900.00**

Violence of any sort has roots. At RCultures we truly believe that 99% of workplace violence issues come with warning signs. Thank you for teaching me so much these past few days – loved it!"*

*"(I came expecting...) tools that I can use in my everyday life. (I got...) the knowledge that every encounter is cross-cultural and I should be aware of my values and biases & be more open & respectful. This was very informative and life changing for me. I was challenged but feel that it was needed – I can only hope that I keep this with me for years to come."*

*"(I came expecting...) to have a lot of knowledge but soon found out that I have a lot to learn. (I got...) a greater understanding of knowing about the value of others and that I have to know self-first. I could not wait to get here each day."*
