

## CITY OF DORAL NOTICE OF PUBLIC HEARING

All residents, property owners and other interested parties are hereby notified of a **City Council Zoning Hearing** on **Tuesday, June 19, 2018, beginning at 6:00 PM**, to consider adoption of the Capital Improvement Element Annual Update (2018) of the City's Comprehensive Plan. The City Council will consider this item for **FIRST READING**. This meeting will be held at the **City of Doral, Government Center, Council Chambers located at 8401 NW 53rd Terrace, Doral, FL. 33166**.

The City of Doral proposes to adopt the following:

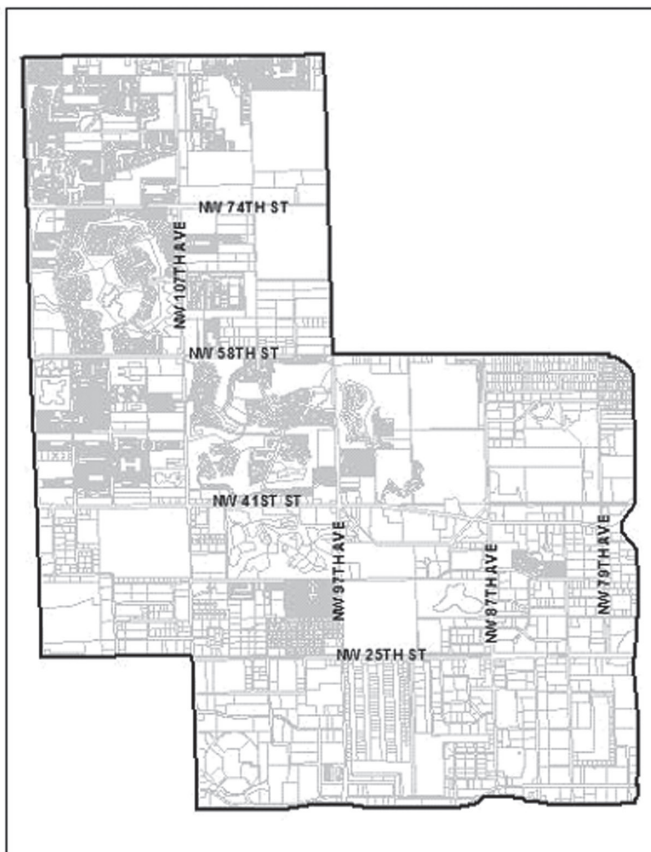

### ORDINANCE No. 2018-12

**AN ORDINANCE OF THE MAYOR AND THE CITY COUNCIL OF THE CITY OF DORAL, FLORIDA, ADOPTING THE CAPITAL IMPROVEMENTS ELEMENT ANNUAL UPDATE (2018) OF THE COMPREHENSIVE PLAN CONSISTENT WITH CHAPTER 163, PART II OF THE FLORIDA STATUTES; PROVIDING FOR TRANSMITTAL OF THE 5-YEAR SCHEDULE OF CAPITAL IMPROVEMENTS TO THE STATE LAND PLANNING AGENCY IN THE FLORIDA DEPARTMENT OF ECONOMIC OPPORTUNITY; PROVIDING FOR SEVERABILITY; AND PROVIDING FOR AN EFFECTIVE DATE**

HEARING NO.: 18-06-DOR-06

APPLICANT: City of Doral

REQUEST: To adopt the Capital Improvements Element Annual Update (2018) of the Comprehensive Plan and to authorize transmittal of the 5-Year Schedule of Capital Improvements to the State Land Planning Agency in the Florida Department of Economic Opportunity (DEO).

Information relating to this request is on file and may be examined in the City of Doral, Planning and Zoning Department located at **8401 NW 53rd Terrace, Doral, FL. 33166**. All persons are invited to appear at this meeting or be represented by an agent, or to express their views in writing addressed to the City Clerk, **8401 NW 53rd Terrace, Doral, FL. 33166**. Maps and other data pertaining to these applications are available for public inspection during normal business hours in City Hall. Any persons wishing to speak at a public hearing should register with the City Clerk prior to that item being heard. Inquiries regarding the item may be directed to the Planning and Zoning Department at 305-59-DORAL.

Pursuant to Section 286.0105, Florida Statutes if a person decides to appeal any decisions made by the City Council with respect to any matter considered at such meeting or hearing, they will need a record of the proceedings and, for such purpose, may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based. This notice does not constitute consent by the City for introduction or admission of otherwise inadmissible or irrelevant evidence, nor does it authorize challenges or appeals not otherwise allowed by law. In accordance with the Americans with Disabilities Act, all persons who are disabled and who need special accommodations to participate in this meeting because of that disability should contact the Planning and Zoning Department at 305-59-DORAL no later than three (3) business days prior to the proceeding.

NOTE: If you are not able to communicate, or are not comfortable expressing yourself, in the English language, it is your responsibility to bring with you an English-speaking interpreter when conducting business at the City of Doral during the zoning application process up to, and including, appearance at a hearing. This person may be a friend, relative or someone else. A minor cannot serve as a valid interpreter. The City of Doral DOES NOT provide translation services during the zoning application process or during any quasi-judicial proceeding.

NOTA: Si usted no está en capacidad de comunicarse, o no se siente cómodo al expresarse en inglés, es de su responsabilidad traer un intérprete del idioma inglés cuando trate asuntos públicos o de negocios con la Ciudad de Doral durante el proceso de solicitudes de zonificación, incluyendo su comparecencia a una audiencia. Esta persona puede ser un amigo, familiar o alguien que le haga la traducción durante su comparecencia a la audiencia. Un menor de edad no puede ser intérprete. La Ciudad de Doral NO suministra servicio de traducción durante ningún procedimiento o durante el proceso de solicitudes de zonificación.

Connie Diaz, CMC  
City Clerk  
City of Doral

# Facebook Disputes Report It Grants Phone Makers Deep Data Access

by Sarah Frier

Facebook Inc. is disputing a New York Times report about how it shares data with device makers from Apple and Amazon to Samsung. They're privy to Facebook users' information but it's nothing like the access that led to the Cambridge Analytica controversy, the social network said.

The New York Times reported Facebook had struck deals with device manufacturers that allowed them full access to information on users and their friends. But the U.S. company contends those pacts were intended to help device makers create their own versions of Facebook apps, and the data mostly remained on phones that accessed it. That kind of arrangement was necessary before phone operating systems relied on app stores, it added.

Facebook and other internet companies are grappling with a global backlash over the extent to which they Hoover up and handle user data. The New York Times said the vast amounts of information shared with Apple Inc. and other phone-makers included data on users' friends that had supposedly barred access.

Facebook said it had begun dismantling pacts with device makers dating back as much as a decade -- when the social network was rarely directly installed on phones. Hardware manufacturers used Facebook's software tools to allow their own users to access contacts or post photos to their profiles, among other things, the company said in a blog post.

"There were no app stores at the time and this was the only way to make our product work on their devices. We tightly controlled these APIs from the get-go," Ime Archibong, Facebook's vice president of product partnerships, said in an interview. "These partners signed agreements that prevented people's

Facebook information from being used for any other purpose than to recreate Facebook-like experiences."

Archibong said Facebook approved each of the experiences that were built, and that they worked differently to its public, platform APIs. The company has since terminated 22 partnerships with device makers, he added.

Shares of Facebook were down 1.8 percent pre-market at 6:34 a.m. in New York Monday, following a similar trend in Europe where it was down 2.2 percent at the same time in Frankfurt.

Facebook is retooling its approach amid a global consumer and regulatory backlash. Critics accuse its news feed algorithm of spreading misinformation and terrorism content among 2 billion-plus users. Lax policies around sharing data with third parties led to the leak of information to consultancy Cambridge Analytica, which worked on successful Republican campaigns, including that of President Donald Trump.

An app developer gave information on up to 87 million Facebook users to Cambridge Analytica mostly without their permission, setting off a scandal over data privacy when it was reported this year. That developer was able to make the deal with the firm because the data was stored on his servers. Facebook said that in the device partnerships described by the New York Times, personal data was mostly processed on users' phones.

Facebook however doesn't view device makers as outsiders — allowing them deeper access, the New York Times reported. It said it discovered some device partners could retrieve users' relationship status, religion, political leanings and upcoming events, among other things.

"We're not aware of any people's information being misused by these companies," Archibong said.

# Samsung, Hynix Probed by Chinese Regulator Amid Chip-Price Rally

by Sam Kim

Samsung Electronics Co. and SK Hynix Inc., two of the world's biggest chipmakers, said they're being investigated by China's government after their U.S. rival Micron Technology Inc. received a similar visit from the country's regulators.

Investigators from China's regulatory agency visited Samsung's Chinese sales offices on May 31, Suwon, South Korea-based company said in an emailed statement. "Samsung is cooperating with Chinese authorities." Hynix, based in Icheon, South Korea, said separately it is cooperating.

Micron, the largest U.S. maker of computer memory chips, said last week that Chinese authorities visited its offices in that country, potentially opening another front in a growing trade dispute between the world's two largest economies. China is the largest maker for semiconductors yet isn't home to even one of the top 10 producers of the crucial electronic components. The memory chip market has been increasingly concentrated in the

hands of Micron and its two Korean rivals, who have enjoyed record profits from the devices that are essential to everything from supercomputers to smartphones over the last year.

None of the three chipmakers have said publicly what they are being questioned about. South Korean media said China was accusing them of colluding with each other to hike memory chip prices.

"It's an expression of China's intention to bring down memory prices," said Park Kang-ho, an analyst at Daishin Securities Co. "It'll have some psychological effect, but it's unlikely to have a serious impact on the share prices."

China has been spending heavily to boost its domestic supply of semiconductors, buying chipmaking equipment from South Korea. Its companies such as Huawei Technologies Co. and Xiaomi Corp. compete with Samsung in the global smartphone market, while the Korean company is struggling to regain its momentum with its phone sales in the Chinese market.
