

RESOLUTION NO. 11 – 124

**A RESOLUTION OF THE MAYOR AND THE CITY COUNCIL OF
THE CITY OF DORAL, FLORIDA AUTHORIZING THE CITY
MANAGER TO NEGOTIATE AND ENTER INTO A WATER AND
SEWER AGREEMENT WITH MIAMI-DADE COUNTY FOR THE
PUBLIC WORKS FACILITY; AND PROVIDING FOR AN
EFFECTIVE DATE**

WHEREAS, the City of Doral is requesting to connect to Miami-Dade County (MDC) Water and Sewer facilities to support the operations of the new Public Works facility; and

WHEREAS, this would result in one time connection charges of \$16,412.52 which the City is required to pay in accordance with the MDC Water and Sewer Agreement as presented herein as “Exhibit A;” and

WHEREAS, Staff respectfully requests that the City Council authorize the City Manager to negotiate and enter into a Water and Sewer Agreement (Exhibit “A”) with MDC for the Public Works facility which allows for the payment of required connection charges to the MDC Water and Sewer Department.

**NOW THEREFORE, BE IT RESOLVED BY THE MAYOR AND CITY COUNCIL
OF THE CITY OF DORAL AS FOLLOWS:**

Section 1. The City Council hereby authorizes the City Manager to negotiate and enter into a Water and Sewer Agreement (Exhibit “A”) with MDC for the Public Works facility which allows for the payment of required connection charges to the MDC Water and Sewer Department.

Section 2. This Resolution shall become effective immediately upon its adoption.

The foregoing Resolution was offered by Councilman Boria who moved its adoption. The motion was seconded by Councilwoman Rodriguez and upon being put to a vote, the vote was as follows:

Mayor Juan Carlos Bermudez	Yes
Vice Mayor Michael DiPietro	Yes
Councilman Luigi Boria	Yes
Councilman Pete Cabrera	Yes
Councilwoman Ana Maria Rodriguez	Yes

PASSED and ADOPTED this 12th day of October, 2011.

The City of Doral is requesting to connect to Miami Dade County (MDC) water and sewer facilities to support the operations of the new Public Works facility. Based on the proposed size and use of the Public Works facility an average daily gallonage of combined water and sewer is estimated at 2,348 gallons. This results in one time connection charges of \$16,412.52 for water and sewer to MDC water and sewer, which the City is required to pay in accordance with the attached MDC water and sewer agreement.

Therefore, we respectfully request City Council to authorize the City Manager to execute the MDC Water and Sewer agreement and allow for payment of required connection charges to the Miami Dade County Water and Sewer Department (WASD). The Public Works Department has these funds budgeted in account number 001.80005.500620.

Re: Water and Sewer Agreement for City of Doral Public Works Maintenance Facility, ID# 20982.

Ladies and Gentlemen:

We are pleased to enclose two (2) copies of the water and sewer document for **City of Doral Public Works Maintenance Facility, ID# 20982**. The County's offer of those terms and conditions contained in the document shall expire sixty (60) days from the date of this letter.

If the documents are satisfactory, please have all copies executed and returned to us with an Opinion of Title using our format enclosed and a check in the amount of **\$205.50** for the recording fees made payable to the **Miami-Dade Water and Sewer Department** and, in addition, any amounts due with the execution of the documents as specified in the documents. Please note that the legal description on the Opinion of Title should match the legal description initially submitted to the Department for the agreement preparation. Failure of the legal descriptions to match will result in time delays for your project. The documents shall not be binding upon either party until executed by the Department on behalf of the County and all monies due are received. When executed by the Department, we will forward one (1) fully executed copy for your files.

This instrument was prepared using the information provided to us by the property owner and/or its agent.

If you have any questions regarding this matter, please contact me at **(786) 268-5209**.

Very truly yours,

A handwritten signature in black ink, appearing to read "Denise Chung", written over a horizontal line.

Delivering Excellence Every Day

*NOTE: The Opinion must cover the time period to within 30 days prior to submittal of signed water and sewer agreements or an assignment. FOR WARRANTY DEEDS, EASEMENTS, COVENANTS AND UNITIES OF TITLE, THE OPINION MUST COVER THE TIME PERIOD THROUGH THE DATE OF EXECUTION OF THE DEED, EASEMENT, COVENANT OR UNITY.

The opinion for all LLC agreements and N.V. property owner corporations must state that the person(s) signing the agreement or legal document has the legal power and authority to sign on behalf of and bind the entity.

MIAMI-DADE COUNTY
MIAMI-DADE WATER AND SEWER DEPARTMENT
OPINION OF TITLE

To: MIAMI DADE COUNTY, a political subdivision of the State of Florida.

With the understanding that this opinion of title is furnished to MIAMI-DADE COUNTY, FLORIDA, as an inducement for execution of an agreement covering the real property hereinafter described or for acceptance of a warranty deed, easement, covenant or unity of title, as applicable, it is hereby certified that I (we) have examined the complete Abstract of Title or Title Policy Number _____, issued by _____, dated _____ and the following: _____, covering the period from the BEGINNING to _____ A.D. 20 _____, at _____ inclusive, of the following described real property:

(Legal description as it appears in agreement or legal document)

Basing my (our) opinion on said complete abstract or title policy covering said period I (we) am (are) of the opinion that on the last mentioned date the fee simple title to the above described real property was vested in: _____.

Subject to the following liens, encumbrances and other exceptions:

GENERAL EXCEPTIONS

1. All taxes for the year in which this opinion is rendered, unless noted below that such taxes have been paid.
2. Rights of persons other than the above owners who are in possession.
3. Facts that would be disclosed upon accurate survey.
4. Any unrecorded labor, mechanics or materialmen's liens.
5. Zoning and other restrictions imposed by governmental authority

SPECIAL EXCEPTIONS

- ☐ No special exceptions exist
- ☐ Special exceptions (indicate details on separate sheet)

None of the exceptions listed above will restrict the use of the property for the purposes set forth in the water and sewer agreement, assignment, warranty deed, easement, covenant and unity of title, as applicable.

I, the undersigned, further certify that I am an attorney-at-law duly admitted to practice law in the State of Florida, and am a member in good standing of the Florida Bar.

Respectfully submitted this _____ day of _____, 2011

THIS AGREEMENT, made and entered into at Miami-Dade County, Florida, this _____ day of _____, 2011 by and between **Miami-Dade County**, a political subdivision of the State of Florida, hereinafter designated as the "**COUNTY**", whose mailing address is: c/o Miami-Dade Water and Sewer Department, P.O. Box 330316, Miami, Florida 33233-0316, and the **CITY OF DORAL**, a municipal corporation of the State of Florida, hereinafter designated as the "**DEVELOPER**", whose mailing address is: 8300 N.W. 53 Street, Suite 200, Doral, Florida, 33166.

W I T N E S S E T H:

WHEREAS, the **DEVELOPER** desires water and sewer service to be rendered to property owned by the **DEVELOPER**, and

WHEREAS, the **Miami-Dade Water and Sewer Department**, hereinafter designated as the "**DEPARTMENT**", operates the water and sewage systems owned by the **COUNTY**.

NOW, THEREFORE, in consideration of the mutual covenants entered into between the parties hereto to be made and performed and in consideration of the benefits to accrue to each of the respective parties, it is covenanted and agreed to as follows:

1. **DEVELOPER'S PROPERTY.** The **DEVELOPER** owns a certain tract of land in Miami-Dade County, Florida, which is legally described in **Exhibit "A"** attached hereto and made a part hereof, hereinafter sometimes described as the "**DEVELOPER'S** property". The **DEVELOPER** has requested that the **DEPARTMENT** render water and sewer service to the **DEVELOPER'S** property and the **COUNTY** agrees to do so subject to the terms, covenants and conditions contained herein.

2. **WAIVER.** No delay or failure to exercise a right under this Agreement or any other Agreement shall impair or shall be construed to be a waiver thereof. No waiver or indulgence of any breach of this Agreement or series of breaches shall be deemed or construed as a waiver of any other breach of same or as voiding or altering any other

obligation of the parties under this Agreement or any other Agreement. No order or directive given by the **COUNTY** or its agents shall be considered as waiving any portion of this Agreement unless done in writing by a person having actual authority to grant such waiver.

3. **DEVELOPER ACKNOWLEDGMENT.** The **DEVELOPER** hereby acknowledges and agrees that any right to connect the **DEVELOPER'S** property to the **COUNTY'S** sewage system is subject to the terms, covenants and conditions set forth in the following Agreements and Orders as currently in effect or as amended: Settlement Agreement between the State of Florida Department of Environmental Protection, hereinafter designated as the "**DEP**", and the **COUNTY** dated July 27, 1993; the First Amendment to the Settlement Agreement between **DEP** and the **COUNTY** dated December 21, 1995; the First Partial Consent Decree and the Second and Final Partial Consent Decree entered in the case of United States of America Environmental Protection Agency (EPA) v. Metropolitan Dade County (Case Number 93-1109 CIV-Moreno); the Consent Order between **DEP** and the **COUNTY** filed on April 29, 2004; and court orders, judgments, consent orders, consent decrees and the like entered into between the **COUNTY** and the United States, the State of Florida and/or any other governmental entity; and all other current, subsequent or future enforcement and regulatory actions and proceedings.

4. **PROVISION OF SERVICE AND CONNECTION CHARGES.** The **COUNTY** will provide an adequate domestic water supply for the **DEVELOPER'S** property and will receive and dispose of sanitary sewage from the **DEVELOPER'S** property. The **DEVELOPER** shall pay water and sewer connection charges for all those units to be constructed on the **DEVELOPER'S** property subject to the limitations specified herein. The **DEVELOPER** acknowledges that, to the extent that water or sewer service will ultimately be rendered to the **DEVELOPER'S** property by a volume customer, the **DEVELOPER** is a new retail user provided water or sewer service from a volume customer, and acknowledges that it is responsible for payment of connection charges; however, in the event that water or sewer service is provided directly by the **COUNTY**, the **DEVELOPER**

acknowledges that it is a new retail customer of the **COUNTY** and accordingly also liable for payment of connection charges. The **DEVELOPER** may be considered both a new retail customer and a new retail user provided service by a volume customer in the event that the **COUNTY** provides water service to the **DEVELOPER'S** property and a volume customer provides sewer service, or vice-versa. The connection charges are based on the average daily gallons for the various building units and/or use as shown on **Exhibit "B"** attached hereto and made a part hereof, and as revised by the **COUNTY** from time to time, multiplied by the applicable rates established by the **COUNTY**. The **DEVELOPER** intends to construct and connect fifteen thousand four hundred forty (15,440) square feet of office space, representing an average daily gallonage of seven hundred seventy-two (772) gallons, four thousand nine hundred eighty-eight (4,988) square feet of industrial use (dry use), representing an average daily gallonage of one hundred twenty-four (124) gallons, seven thousand eighteen (7,018) square feet of motor vehicle service station, representing an average daily gallonage of seven hundred-two (702) gallons, and one (1) car wash bay (recycling type), representing an average daily gallonage of seven hundred fifty (750) gallons, replacing vacant land. Therefore, the agreed total average daily gallonage increase is two thousand three hundred forty-eight (2,348) gallons, resulting in combined water and sewer connection charges in the amount of sixteen thousand four hundred twelve dollars and fifty-two cents (\$16,412.52). However, water and sewer connection charges shall be calculated at the rates in effect at the time of actual connection to the **COUNTY'S** water and sewer systems. The **DEPARTMENT'S** current connection charge rates are one dollar and thirty-nine cents (\$1.39) and five dollars and sixty cents (\$5.60) per gallon per day for water and sewer, respectively. The water and sewer connection charge rates are subject to revision by the Board of County Commissioners at any time. The **DEVELOPER** shall pay fees and/or charges specified herein at the time of issuance of Verifications Form(s). The **DEPARTMENT** shall not, under any circumstances, render water and/or sewer service to the **DEVELOPER'S** property until such time as the fees and/or charges specified herein have been paid in full.

5. **OTHER USES ON THE PROPERTY.** If the **DEVELOPER** constructs buildings other than those outlined in paragraph 4 above, or otherwise changes the use of

structures built such that paragraph 4 is no longer an accurate description of the uses at the **DEVELOPER'S** property, the **COUNTY** shall determine if additional capacity is needed, as calculated using **Exhibit "B"** attached hereto and as revised by the **COUNTY** from time to time. If additional capacity is required, connection charges, computed at prevailing rates, capacity allocation, if available, and construction connection charges, if any, shall be required to be paid by the **DEVELOPER**. If requested by the **DEPARTMENT**, the **DEVELOPER** shall provide the **COUNTY** a list of all tenants and building units and/or use prior to the installation of any water meters and/or rendition of sewer service by the **COUNTY** for the **DEVELOPER'S** property.

6. **POINTS OF CONNECTION.** The **COUNTY** owns and operates a twelve (12) inch water main located in N.W. 99 Avenue, near the northeast corner of the property, to which the **DEVELOPER** shall connect and extend a twelve (12) inch water main southerly in N.W. 99 Avenue to the southeast corner of the property, interconnecting to an existing twelve (12) inch water main at that location. Any public water main extension within the property shall be twelve (12) inches minimum in diameter. If two (2) or more fire hydrants are to be connected to a public water main extension within the property, then the water system shall be looped with two (2) points of connection. The **COUNTY** also owns and operates an existing eight (8) inch gravity sewer main located in N.W. 99 Avenue, near the southeast corner of the property, to which the **DEVELOPER** shall connect and extend at full depth a minimum eight (8) inch gravity sewer main northerly in N.W. 99 Avenue to a point as required to provide service to the subject property. Any gravity sewer within the property shall be public and eight (8) inch minimum in diameter. Other points of connection may be established subject to approval of the **DEPARTMENT**.

7. **DESIGN AND CONSTRUCTION OF FACILITIES.** The **DEVELOPER** at its own cost and expense shall cause to be designed, constructed and installed all of the necessary water and/or sewer facilities provided for in this Agreement unless otherwise specified. The facilities shall include any and all water mains, valves, fittings, fire hydrants, firelines, service connections, service lines, shutoffs, meter boxes, air release valves, gravity sewer mains, laterals, manholes, and all appurtenances thereto for a complete

installation. The final design and construction of the facilities shall meet the requirements set forth in the latest revision of the **DEPARTMENT'S** "Rules and Regulations" for water and/or sewer service, shall be in accordance with the latest revision of the **DEPARTMENT'S** "Design and Construction Standard Specifications and Details", and shall be subject to approval by the **DEPARTMENT**.

8. **INSPECTION.** The **COUNTY** shall have the right but not the obligation to make engineering inspections of all the construction work performed by the **DEVELOPER** under the terms of this Agreement including private facilities not to be conveyed to the **COUNTY**. Such inspections shall not be construed to constitute any guarantee on the part of the **COUNTY** as to the quality and condition of materials and workmanship. Any inspections by the **DEPARTMENT** shall not relieve the **DEVELOPER** of any responsibility for proper construction of said facilities in accordance with approved plans and specifications. Furthermore, any inspections by the **DEPARTMENT** shall not relieve the **DEVELOPER** of responsibility for the quality and condition of materials and workmanship.

9. **TESTS.** During construction and at the time when various tests are required, the **COUNTY'S** engineer or its authorized representative, together with the **DEVELOPER'S** engineer and contractor, shall jointly be present to witness tests for determination of conformance with approved plans and specifications. The **DEVELOPER** shall notify the **COUNTY** a minimum of twenty-four (24) hours in advance of the tests.

10. **CONSTRUCTION MEETINGS.** The **COUNTY** reserves the right to schedule construction meetings with the **DEVELOPER'S** representatives (Engineer, Project Manager, Construction Superintendent and others) at a place designated by the **COUNTY** with respect to project related matters upon twenty-four (24) hours notice.

11. **SUBCONTRACTORS AND CONSULTANTS.** The **COUNTY** reserves the right, at any time, to bar any subcontractor or consultant employed by the **DEVELOPER** from engaging in any sort of work or activity related to this Agreement, if such be in the interests of the **COUNTY**. In the event the **COUNTY** rejects any subcontractor or

consultant, said subcontractor or consultant will immediately cease work on anything related to this Agreement. The **DEVELOPER** shall not be entitled to compensation for any monies previously paid to any subcontractor or consultant if said subcontractor or consultant is rejected by the **COUNTY**.

12. **COMPLIANCE WITH ALL LAWS.** The **DEVELOPER**, at its own cost and expense, shall comply with all applicable laws, statutes, rules, and ordinances in carrying out the activities contemplated herein.

13. **APPROVALS AND PERMITS.** The **DEVELOPER** shall be fully responsible for obtaining all required approvals from all appropriate governmental and regulatory agencies and all necessary permits for all facilities contemplated in this Agreement. Notwithstanding anything else contained herein to the contrary, this Agreement shall not constitute or be interpreted as a waiver of any requirements of any other agency of Miami-Dade County and/or any requirements of the Code of Miami-Dade County. The **DEVELOPER** is responsible for obtaining all permits as may be required for the work contemplated herein pursuant to the Code of Miami-Dade County.

14. **COUNTY AS PERMITTEE.** Certain federal, state and county agencies, including but not limited to the State of Florida Department of Transportation, the South Florida Water Management District, the U.S. Army Corps of Engineers and the Florida East Coast Railroad may require that the **COUNTY** be named as permittee for certain construction activities even though the **DEVELOPER** or the **DEVELOPER'S** contractor will actually perform the work. To insure that the **COUNTY** will incur no costs or liability as a result of being named permittee on such permits, the **DEVELOPER** shall provide sufficient security as acceptable to the **COUNTY** which shall indemnify and protect the **COUNTY** from all claims, actions, judgments, liability, loss, cost and expense, including reasonable attorney's fees, related to work performed by the **DEVELOPER** pursuant to such permits. The security shall be furnished prior to the start of construction and shall be in an amount equal to the **COUNTY'S** cost estimate for the permit work. The **DEVELOPER** shall have sixty (60) days to resolve any claims by a permittor. Otherwise, the **DEPARTMENT** shall

be entitled to pay said claims from the security. The **DEVELOPER** shall be liable for all costs in excess of the security.

15. **WATER SERVICE LINES.** Any water service lines two (2) inches or less in diameter that are required for the **DEVELOPER'S** property which will be directly connected to existing mains owned by the **COUNTY** shall be installed by **COUNTY** personnel only. The **DEVELOPER** hereby agrees to pay to the **COUNTY** its standard water service line installation charge, permit fees and service fees prior to any such installation.

16. **OWNERSHIP OF WATER METER.** The **COUNTY** shall own and install the required water meter as a part of any water service installation. Ownership by the **COUNTY** shall terminate at the outlet side of each water meter. The **DEVELOPER** shall pay all applicable installation fees.

17. **TREATMENT AND TRANSMISSION CAPACITY.** In addition to the covenants and conditions set forth herein, water and sewer service to be rendered by the **COUNTY** is subject to the following:

- a. Issuance of a valid operation permit by the State of Florida for the **COUNTY'S** sewage treatment facility serving the **DEVELOPER'S** property which allows additional connections,
- b. Sufficient available capacity in the **COUNTY'S** sewage system and connection approval, as specified in paragraph 3 herein,
- c. Available water by the **COUNTY**.

However, in no event will the **COUNTY** be obligated to supply any more water or sewage treatment capacity in any one year than is called for by the building connection schedule attached hereto and made a part hereof as **Exhibit "C"**. Any variation from said connection schedule which results in increased yearly demand on the water resources or sewage treatment facility capacity of the **COUNTY** not specifically provided for in **Exhibit "C"** shall be subject to the written approval and consent of the **DEPARTMENT** and shall be dependent on the availability of the water resource and the various restrictions placed on the supply of water or the disposal of sewage by local, state and federal government

agencies and the physical limitations on the **COUNTY'S** supply and treatment capacity. If the **DEVELOPER** does not utilize the yearly amount of water or sewage treatment facility allocation specified in **Exhibit "C"**, said amount will be available to the **DEVELOPER** in the next calendar year subject to the limitations and provisions specified herein.

18. **ALLOCATION OF CAPACITY.** The **COUNTY** agrees to include the aforesaid allocation in its regional water supply, production and transmission facilities and regional sanitary sewer system, once the **DEVELOPER** is granted necessary sewer allocation, as specified in paragraph 3 hereinabove. However, it is mutually agreed and understood by the **COUNTY** and the **DEVELOPER** that the allocation of capacity by the **COUNTY** does not guarantee the ability of the **COUNTY** to supply water for the **DEVELOPER'S** property or the ability to receive and dispose of sewage originating from the **DEVELOPER'S** property. Capacity allocation is subject to local, state and federal agencies and other regulatory bodies having jurisdiction. In connection therewith, the **DEVELOPER** agrees that the **COUNTY** shall not be liable or in any way responsible for any costs, claims or losses incurred by the **DEVELOPER** as a result of actions by regulatory bodies, which are related to capacity allocation.

19. **FACILITIES EASEMENTS.** If the facilities contemplated herein or any portion thereof are installed within private property outside of public right-of-way, the facilities shall be installed in the center of a twelve (12) foot wide easement for water facilities and fifteen (15) foot wide easement for sewer facilities. Both require a twenty-five (25) foot minimum vertical clearance above the finished grade. The **DEPARTMENT** shall have twenty-four (24) hour access to the easement for emergency purposes. If the facilities are not located in platted easements, then easements shall be granted to the **COUNTY** by the **DEVELOPER** prior to the **COUNTY'S** installation of a water meter and/or the rendition of sewer service to the **DEVELOPER'S** property. The **DEVELOPER** may not place any pavers or other structures in an easement area which would prevent the **DEPARTMENT**, at its sole discretion, from making full use of the easement, and the **DEVELOPER** shall remove same, at the **DEVELOPER'S** cost, at the direction of the **COUNTY**. The **DEVELOPER** may place pavers or other structures in the easement area if such pavers or

other structures can be removed, with minimal effort by the **DEPARTMENT**, in the event that such pavers or other structures need to be removed in order for the **DEPARTMENT** to make use of the easement; the **DEVELOPER** places such pavers or other structures in the easement area at its own risk, and the **DEPARTMENT** shall not be liable for any costs incurred by the **DEVELOPER** in replacing any such pavers or other structures removed by the **DEPARTMENT**.

20. **CONNECTION/FRONTAGE BY OTHERS.** Parties other than the **DEVELOPER** who own property, other than the **DEVELOPER'S** property, which has frontage to any water main and/or gravity sewer main installed pursuant to this Agreement, may apply to the **COUNTY** for connections to said water main and/or gravity sewer main. If said parties actually connect and/or abut said facilities, the **COUNTY** will impose a construction connection charge equal to thirty dollars (\$30.00) for the twelve (12) inch water main in N.W. 99 Avenue, and twenty dollars (\$20.00) for the eight (8) inch gravity sewer main in N.W. 99 Avenue, multiplied by the front foot length of the connecting/abutting property which fronts and/or abuts the water main and/or gravity sewer main as measured along the route of the main. The **COUNTY** will also impose construction connection charges on such other parties if said water main, gravity sewer main and/or sewer force main is/are required, in accordance with guidelines and criteria established by the **DEPARTMENT**, in order to provide adequate service for the fronting/abutting property. Said construction connection charges will not be required or collected from other parties for single-family residences occupied or under construction prior to the date of this Agreement. The **COUNTY** shall repay said construction connection charges to the **DEVELOPER** within one hundred eighty (180) days of receipt of same. However, the **COUNTY'S** liability for repayment to the **DEVELOPER** shall be limited to those amounts actually collected from others. This provision shall remain in effect for a period of twelve (12) years from the date of the Absolute Bill of Sale for the water main, gravity sewer main and/or sewer force main facilities constructed by the **DEVELOPER**. Per annum simple interest as established and authorized by **Section 687.01, Florida Statutes**, will accrue on all construction connection charges from the date of the Absolute Bill of Sale for the water main, gravity sewer main and/or sewer force main facilities constructed by the **DEVELOPER** to the date of payment

by the connecting/abutting party. The interest rate used shall be the rate established by **Section 687.01, Florida Statutes**, at the time of payment by the connecting/abutting party.

It shall be the **DEVELOPER'S** responsibility to provide the **COUNTY** with current mailing addresses during the twelve (12) year period. In accordance with the **DEPARTMENT'S** "Schedule of Water and Wastewater Fees and Charges" the **DEPARTMENT** shall retain a "Developer Repayment Fee" currently in the amount of 2.5% of the gross repayment amount established herein. This fee is subject to revision by the Board of County Commissioners at any time. The fee percentage used will be the current rate at the time of the payment.

21. **CONVEYANCE OF TITLE.** Conveyance of all easements shall be by separate instruments in recordable form as approved by the **COUNTY** and shall be accompanied by a written opinion of title by an attorney licensed to practice law in the State of Florida, which states that the **DEVELOPER** is the owner of the property interest to be conveyed, subject only to liens, encumbrances and restrictions as are acceptable to the **COUNTY**. The opinion shall also state that upon execution by the **DEVELOPER**, a valid and enforceable easement will be vested to the **COUNTY**. The **DEVELOPER** shall pay for all recording fees and for all documentary stamps. The details for all conveyances are specified herein. Failure of the **DEVELOPER** to provide proper conveyances shall be cause for the **COUNTY** to refuse to render service to the **DEVELOPER'S** property.

22. **DRAWINGS AND CONVEYANCE DOCUMENTS.** Following completion of the water and/or sewer facilities contemplated herein for **COUNTY** ownership, the **COUNTY** shall provide conveyance documents, which may include bills of sale, releases of lien, grants of easement, for execution by the **DEVELOPER**. The properly executed documents shall be delivered to and accepted by the **COUNTY** prior to the rendition of water and/or sewer service by the **COUNTY**. The **DEVELOPER** shall pay for all recording fees and for all documentary stamps. These conveyances shall be accompanied by copies of paid bills and/or lien waivers, releases, or satisfactions from all persons who performed work on the **DEVELOPER'S** property and all persons who incorporate materials into the property, together with a breakdown of the actual cost of said facilities. Concurrently, the

DEVELOPER shall furnish the **COUNTY** with one (1) set of mylar as-built drawings showing specific locations and depths among other things, of all facilities as located by a licensed surveyor, along with five (5) prints of the as-built drawings which have been sealed by a surveyor and certified by the engineer of record. Approval by the **COUNTY** of all required conveyance documents, drawings and survey specified herein shall constitute final acceptance by the **COUNTY** of said facilities. After final acceptance, the facilities shall remain at all times the sole, complete, and exclusive property of the **COUNTY** and under the exclusive control and operation of the **COUNTY**.

23. **WARRANTY AND MAINTENANCE BOND.** The **DEVELOPER** warrants that the water and sewer facilities to be owned by the **COUNTY** shall be free from defects in materials and workmanship for a period of one (1) year from final acceptance by the **COUNTY**. Simultaneously with the conveyance of the water and/or sewer facilities, the **DEVELOPER** shall deliver to the **COUNTY** an executed maintenance bond or alternate security deposit acceptable to the **DEPARTMENT**, which guarantees the warranty. If it becomes necessary to repair and/or replace any of the facilities during the initial one (1) year period, then the warranty as to those items repaired and/or replaced shall continue to remain in effect for an additional period of one (1) year from the date of final acceptance by the **COUNTY** of those repairs and/or replacement. The bond shall be in the amount equal to the sum of those portions of the actual cost of construction of said facilities as follows:

<u>Types of Facilities</u>	<u>Percentage of Actual Construction Cost</u>
Water mains	25
Gravity sewers	50

The bonds shall have as the surety thereon only such surety company as is acceptable to the **COUNTY** and which is authorized to write bonds of such character and amount under the laws of the State of Florida. A surety company must have a **Best's Key Rating Guide General Policyholder's Rating of "A"** or better and a **Financial Category of Class "V"** or better or be acceptable to the **COUNTY**. The attorney-in-fact or other officer who signs a bond must file with such bonds a certified copy of his power-of-attorney authorizing him to

do so. The Maintenance Bond may be written with the **DEVELOPER'S** contractor as "Principal" and the **DEVELOPER** and the **COUNTY** as "Co-obligees" or the **COUNTY** as sole "Obligee". In the alternative, the **DEVELOPER** may be named as "Principal" and the **COUNTY** as "Obligee". The Maintenance Bond shall remain in force for one (1) year following the date of final acceptance by the **COUNTY** of the work done pursuant to this Agreement to protect the **COUNTY** against losses resulting from any and all defects in materials or improper performance of work. If there is no building construction underway within the **DEVELOPER'S** property at the time of conveyance, the **COUNTY** shall have the right to require that the term of the Maintenance Bond be extended for a period not to exceed an additional two (2) years. Upon demand by the **COUNTY**, the **DEVELOPER** shall cause to be corrected all such defects which are discovered within the warranty period or periods as set forth above, failing which the **COUNTY** shall make such repairs and/or replacements of defective work and/or materials and the **DEVELOPER** and/or its Surety shall be liable to the **COUNTY** for all costs arising therefrom. The **DEVELOPER** also warrants that it shall be solely responsible for the repair of any damages to said facilities caused by persons in its employment.

24. **TERM OF AGREEMENT.** Both the **DEVELOPER** and the **COUNTY** recognize that time is of the essence and that this Agreement shall be deemed null and void and unenforceable if the **DEVELOPER** fails to comply with any of the following conditions, where applicable:

- a. After execution of this Agreement, work on the water and/or sewer facilities shall commence within three hundred sixty-five (365) days from the execution date. Work shall be considered to have commenced and be in active progress when engineering drawings are submitted to the **DEPARTMENT** for review and approval, and, upon the **DEPARTMENT'S** issuance of said approval, a full complement of workmen and equipment is present at the site to diligently incorporate materials and equipment into the construction of the water and/or sewer facilities throughout the day on each full working day, weather permitting.
- b. Once the **DEVELOPER** commences work on the water and/or sewer

facilities, said work cannot be suspended, abandoned, or not in active progress for a period exceeding three hundred sixty-five (365) days.

- c. The remedies specified herein are cumulative with and supplemental to any other rights which the **COUNTY** may have pursuant to the law or any other provision of this agreement.

25. **INDEMNIFICATION CLAUSE.** Subject to the limitations of Section 768.28, Florida Statutes, the **DEVELOPER** shall indemnify and hold harmless the **COUNTY** and its officers, employees, agents and instrumentalities from any and all liability, losses or damages, including attorney's fees and costs of defense, which the **COUNTY** or its officers, employees, agents or instrumentalities may incur as a result of claims, demands, suits, causes of actions or proceedings of any kind or nature arising out of, relating to or resulting from the performance of this Agreement by the **DEVELOPER** or its employees, agents, servants, partners, principals, contractors and/or subcontractors, except for any claims, losses or liabilities arising from the gross negligence or willful misconduct of the **COUNTY** and its officers, employees, agents and instrumentalities. The **DEVELOPER** shall pay all claims and losses in connection therewith and shall investigate and defend all claims, suits or actions of any kind or nature in the name of the **COUNTY**, where applicable, including appellate proceedings, and shall pay all costs, judgments, and attorney's fees which may issue thereon, subject to the limitations of Section 768.28, Florida Statutes. The **DEVELOPER** expressly understands and agrees that any insurance protection required by this Agreement or otherwise provided by the **DEVELOPER** shall in no way limit the responsibility to indemnify, keep and save harmless and defend the **COUNTY** or its officers, employees, agents and instrumentalities as herein provided, subject to the limitations of Section 768.28, Florida Statutes.

26. **FORCE MAJEURE.** Should either party be prevented from performing any obligations herein, including but not limited to water and/or sewer service, due to or resulting from a force majeure or inevitable accident or occurrence, such party shall be excused from performance. As used herein, force majeure shall mean an act of God which includes but is not limited to sudden, unexpected or extraordinary forces of nature such as

floods, washouts, storms, hurricanes, fires, earthquakes, landslides, epidemics, explosions or other forces of nature. Inevitable accidents or occurrences shall mean those which are unpreventable by either party and shall include but not be limited to strikes, lockouts, other industrial disturbances; wars, blockades, acts of public enemies, insurrections, riots; federal, state, county and local governmental restraints and restrictions; military action, civil disturbances, explosions; conditions in federal, state, county and local permits; bid protests, manufacturing and delivery delays, unknown or unanticipated soil, water or ground conditions and cave-ins, or otherwise; and other causes reasonably beyond the control of either party, whether or not specifically enumerated herein.

27. **SERVICE CHARGES.** The **DEVELOPER** agrees to pay to the **COUNTY** the prevailing service charges for water supply and fire protection, sewage collection and disposal within the **DEVELOPER'S** property as may be applicable until the responsibility for payment of said charges is properly transferred in accordance with the **COUNTY'S** regulations.

28. **USE OF FACILITIES BY COUNTY.** The **COUNTY** reserves the right to make full use of the water and/or sewer facilities to be owned by the **COUNTY** as contemplated herein to serve other customers at any time.

29. **OPINION OF TITLE.** With the execution of this Agreement, the **DEVELOPER** at its own expense shall deliver to the **DEPARTMENT** an opinion of title for the **DEVELOPER'S** property, issued by a qualified attorney licensed to practice law in the State of Florida, which states that the **DEVELOPER** owns fee simple title to the property referred to herein.

30. **BACTERIOLOGICAL TESTS AND INDEMNIFICATION.** **DEP** requires that prior to the rendition of any new water service by the **DEPARTMENT**, bacteriological tests must be performed. It is the responsibility of the **DEVELOPER** to comply with all such requirements and to obtain all necessary approvals. In addition, the use of floating meters for construction purposes is subject to State of Florida requirements and approval by the

COUNTY. The **DEVELOPER** may request approval for the use of floating meters prior to actual conveyance of title to the facilities to the **COUNTY**. However, the **COUNTY** may be required to execute documents to the Miami-Dade County Department of Environmental Resources Management (**DERM**) or State of Florida Department of Health (**DOH**), which state that the **COUNTY** has accepted title to the facilities. If the **COUNTY** is required to execute such documents, the **DEVELOPER** agrees to indemnify and hold the **COUNTY** harmless from and against all claims, actions, judgments, damages, loss, cost and expense including reasonable attorney's fees which may be incurred by the **COUNTY** in connection with the rendition of water service through the facilities constructed and installed by the **DEVELOPER** prior to conveyance of title to the **COUNTY**, including but not limited to those that result from failure to properly maintain and repair the water facilities.

31. **ASSIGNMENT OF AGREEMENT.** No right to any water supply and sewage disposal service commitment provided for in this Agreement shall be transferred, assigned or otherwise conveyed to any other party without the express written consent of the Director of the **DEPARTMENT** or his designee except as noted below. The consent of the **DEPARTMENT** shall not be required in connection with the sale, lease or other conveyance of property or any residential units or commercial establishments to any party who will be the ultimate user of the property, including but not limited to a bona fide purchaser, lessee, resident or occupant. The intent of this paragraph is to require consent of the **DEPARTMENT** for assignments or transfers of any water and sewage disposal capacity allocation to any party who holds such property as an investment for resale or who intends to develop for sale a portion of the **DEVELOPER'S** property, so that the **COUNTY** can adequately determine the demand for water and sewage disposal capacity and plan for the fair and equitable allocation of water and sewage disposal capacity among the residents of Miami-Dade County. Consent, when required, shall not unreasonably be withheld by the **DEPARTMENT**. If the **DEVELOPER'S** property is transferred or conveyed, the **DEVELOPER** shall remain liable to the **COUNTY** for all sums of money and all obligations due hereunder unless released in writing by the **COUNTY**.

32. **ENTIRE AGREEMENT.** This Agreement supersedes all previous agreements and representations, whether oral or written, between the **DEVELOPER** and the **COUNTY**, and that certain Agreement for "Southern Commerce Park, ID#19254" dated March 8, 2006, recorded in Official Record Book 24363, at Pages 3904 – 3932 of the Public Records of the **COUNTY**, and made with respect to the matters contained herein and when duly executed constitutes the complete Agreement between the **DEVELOPER** and the **COUNTY**.

33. **NOTICE.** All notices given pursuant to this Agreement shall be mailed by United States Postal Service registered or certified mail to the parties at the addresses specified on page 2 of this Agreement or addresses otherwise properly furnished.

34. **RECORDING OF AGREEMENT.** This Agreement is being recorded in the public records of Miami-Dade County, Florida, for the particular purpose of placing all owners and occupants, their successors and assigns, upon notice of the provisions herein contained. The **DEVELOPER** shall pay all recording fees.

35. **FLORIDA LAW.** This Agreement shall be interpreted under Florida law. Venue for any litigation relating to this Agreement shall be had in Miami-Dade County, Florida.

36. **SEVERABILITY.** If any section, subsection, sentence, clause or provision of this Agreement is held invalid, the remainder of this Agreement shall not be affected by such invalidity.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be executed by their respective officials as of the day and year above written.
