11 Vehicle Pickup

- 11.1 Contractor will verify that the Renter is an employee or authorized representative of a Customer by requesting employee identification, badge, or written authorization on letterhead of the Customer, in physical or electronic form, at or before the time of vehicle pickup. If the Renter returns the vehicle with more fuel than provided by Contractor at the beginning of the rental period, Contractor is required to credit the rental receipt/invoice with the difference.

12 Alternate Pickup and Drop-Off Personnel

For Business Rentals, Contractor shall allow designated personnel who are employed by the Customer to pick up and return a rental vehicle for use by a Renter who has provided written authorization on agency or government letterhead at the time of pickup for the designated personnel to pick up and return a rental vehicle on behalf of the Renter. The designated personnel picking up and returning the vehicle must provide a valid driver's license and employee badge or employee identification. For Leisure Rentals, the Renter must be present to pick up the vehicle. Personal Associates may return the Leisure Rental to a rental location, subject to the requirements of Section 16.

13 Maintenance and Operating Expenses

The only maintenance and operating expense for which the Customer or Renter may be billed is gasoline or another fuel type (e.g., diesel, compressed natural gas, etc.) required to operate the vehicle. All other maintenance and operating expenses are the responsibility of Contractor. Contractor shall only supply vehicles that have been maintained in accordance with manufacturer's requirements, industry standards, and all applicable laws.

14 Mechanical and Safety Issues

If, in the Renter's judgment, a vehicle in the Renter's possession becomes substantially impaired or unsafe to operate, Contractor shall immediately replace the vehicle upon notification by the Renter, at no additional charge. Contractor shall deliver the replacement vehicle to the Renter's location or provide transportation, at no additional cost, to the Renter and any passengers, to the Contractor's nearest rental location for a replacement vehicle within two (2) hours of being notified by the Renter. Notification is defined as first contact with a Contractor's employee or designated roadside assistance service provider. Contractor shall be responsible for all repairs and towing of the impaired vehicle.

15 Breakdowns, Unsafe Conditions, and Emergency Assistance

In the event of a vehicle breakdown, a situation in which the Renter believes the vehicle is unsafe (as described in Section 14, above), or other vehicle emergency, the Contractor shall act to resolve the situation immediately, but in all cases Contractor shall resolve the situation within two (2) hours. Notification is defined as first contact with a Contractor's employee or designated

CONTRACT EXHIBIT A

roadside assistance service provider. In all cases, the Contractor's primary consideration is the safety and security of the renter and passengers. Contractor shall provide a 24-hour toll-free roadside assistance number to Renter at the time of vehicle pickup. Personnel operating the roadside assistance number shall be familiar with and have access to the terms and conditions of the Contract.

Breakdowns are situations where the vehicle either no longer operates as intended or does not operate at all. Examples of breakdowns include but are not limited to: brake failure; failure to accelerate; vehicle shaking; difficulty steering the vehicle; overheating; engine smoking; bald or flat tires; locking keys in the car; and running out of gas. Contractor shall be responsible for all costs associated with roadside assistance, however Renter will be responsible for the cost of gas replacement and key replacement when Renter error caused the emergency.

In the event of a breakdown the Contractor shall remedy the situation within two (2) hours of being notified by the Renter (ex. fix the flat tire, jump start the vehicle, refill the vehicle with gas, unlock the vehicle) or replace the vehicle, as described in Section 14 of this document. Replacement vehicles shall be the same or greater Class and shall be provided at no additional charge.

Emergencies include but are not limited to situations that have resulted in or may imminently result in harm to the operator, passengers, or property. Examples of an emergency are collisions and instances when the vehicle is not able to be safely operated. In these situations, immediate assistance is required.

The Contractor shall presume that a Renter's notification regarding breakdowns, unsafe conditions, and emergency assistance is valid.

Contractor must track the status of the event until resolved to the Renter's satisfaction.

16 Vehicle Return

16.1 Vehicles should be returned on the date and at the rental location specified on the rental agreement provided at pickup. If the Renter returns the vehicle 59 minutes late or less, no overtime rates shall be assessed. If the Renter returns the vehicle more than 59 minutes late, a one-hour late fee may be assessed. If the accumulated additional hours rate exceeds the value of the Daily Rental rate, Contractor shall bill for the Daily Rental rate.

16.2 The vehicles should be returned with a full tank of gas (as long as the vehicle was full at pickup).

16.3 Refueling Charge.

a. Rates for all Classes of vehicles provided under the Contract are dry rates and do not include fuel. Gasoline and other forms of fuel (e.g., diesel) will be charged to the Renter when the vehicle is returned with less than a full tank of fuel according to the vehicle fuel gauge. Prior to returning the vehicle, Renters must refill the vehicle or pay the refueling charge.

b. If a rental vehicle is returned with less fuel than a full tank of gas and a refueling charge is applied, the refueling charge will be calculated by multiplying the per-gallon rate by the number of gallons needed to fill the tank to the fuel level at the

CONTRACT EXHIBIT A

time of pickup. The refueling charge and the per-gallon rate shall be separately itemized on the rental invoice.

c. The per-gallon rate shall be the Florida Midgrade (Conventional Areas) rate as posted on the first Monday of every month in the U.S. Energy Information Administration's (EIA) Weekly Retail Gasoline and Diesel Prices Index. This per-gallon rate shall apply for all U.S. rentals. The EIA index can be accessed at: https://www.eia.gov/dnav/pet/pet_pri_gnd_dcus_nus_w.htm.

d. Fuel price shall be adjusted monthly, effective on the first Wednesday after the first Monday of every month. The adjusted monthly fuel price shall be the most recent "Weekly" fuel price published by the EIA and shall apply until the first Wednesday of the following month. It is the responsibility of Contractor to update the fuel price as specified. It is the responsibility of the Renter to review all charges.

- 16.4 Contractor shall provide Renters with a receipt/invoice upon return of the vehicle. Receipt/Invoice details are specified in Section 26, Receipts/Invoices.

17 One-Way Rentals

Contractor shall not charge any drop fee or any mileage charge for one-way rentals that occur within the State. For any out-of-state, one-way rentals of 700 miles or less, Contractor shall not charge any drop fee or mileage charge. For any out-of-state, one-way rentals greater than 700 miles, Contractor shall not charge any drop fee but may assess a mileage charge, for miles driven after the first 700 miles (no mileage charge shall be assessed for the first 700 miles driven), at the rate specified in Attachment C, Price Sheet. The mileage charge for the one-way rental will be the product of that rate and the actual miles driven during the rental period.

18 Emergency Management Service Rentals

- 18.1 In the event the Governor of the State declares a State of Emergency through an Executive Order, Contractor shall, within 48 hours of the declared emergency, increase its fleet to ensure the vehicles listed in Section 18.5 are available for use in the impacted area(s). Contractor shall give reservations for vehicles required to support the declared emergency priority treatment over all other commercial (non-contract) reservations and rentals. Customer reservations for vehicles in response to a declared emergency shall receive equal or greater priority than other government emergency response reservations. Contractor shall provide discounted Emergency Management Service rental rates to Florida Division of Emergency Management (FDEM) Authorized Personnel (personnel deployed or designated by the FDEM).
- 18.2 Only FDEM Authorized Personnel are eligible to rent vehicles at Emergency Management Service rental rates. FDEM Authorized Personnel will be identified by a current State Emergency Response Team identification badge.
- 18.3 Emergency Management Services rental rates will be discounted from the in-state Contracted Class rates for the vehicle Class requested by FDEM Authorized

CONTRACT EXHIBIT A

Personnel and shall include the same insurance coverage and benefits afforded to Renters under this Contract.

18.4 When a vehicle is requested to be reserved for a State of Emergency and the rental location does not have the requested vehicle Class, Contractor will locate that type of vehicle and will reserve the vehicle at another rental location of Contractor if requested by FDEM Authorized Personnel.

Contractor will extend Business Rental rates to Customers for Leisure Use of all vehicles that Contractor is authorized to rent under the Contract, unless otherwise provided herein. Contractor will verify that the Renter is an employee or authorized representative of a Customer by asking for employee identification, badge, or written authorization on letterhead of the Customer at or before the time of vehicle pickup.

20.1 Contractor will not provide liability and collision/loss damage insurance coverage for Leisure Rentals. Renters are responsible for purchasing or having in effect such coverage for Leisure Rentals.

20.3 Contractor will provide a separate account number for Leisure Rentals at no charge to Renters. Contractor will link the separate account number to the State's business account, allowing Contractor's reporting system to document all rental activity under the Contract.

However, Contractor shall not request, and the Department will not approve, more than one (1) request for a price increase for each subsequent year.

CONTRACT EXHIBIT A

- 41.1.2 Requests for price increases must be supported by a change in the Producer Price Index (PPI) for Standard Passenger Car Rental, Series ID 5321115321112. This information is published by the U.S. Department of Labor, Bureau of Labor Statistics (BLS), and is available at <http://www.bls.gov/data/>.
- 41.1.3 The change in PPI for the first price adjustment after the start date of the initial or renewal term shall be determined using the PPI for the month in which the initial Contract or renewal was executed and the latest available non-preliminary PPI at the time of the price adjustment request; a preliminary PPI is indicated on the BLS website with a "(P)" notation. The change in PPI for second and subsequent price adjustments shall be determined using the latest PPI that was used to support the previous price adjustment and the latest available non-preliminary PPI at the time of the request.
- 41.1.4 When requesting a price increase, Contractor shall submit a written justification to the Department's Contract Manager detailing the reason(s) for the request; an increase in the PPI is insufficient justification for a price increase by itself. Price increases shall not exceed the percent change in PPI or three (3) percent, whichever is less. The percent change in PPI shall be calculated using the following formula: $(B - A) / A = Z$
- Where:
- A = earliest PPI (PPI at time of initial Contract or renewal execution or previous price adjustment)

- 41.1.7 The Department reserves the right to request price decreases at any time during the term of the Contract if it is found to be in the best interest of the State.
- 41.1.8 Contractor may offer price decreases at any time during the Contract period.

CONTRACT EXHIBIT A

The Contractor will maintain the security of State of Florida data including, but not limited to, maintaining a secure area around any displayed visible data and ensuring data is stored and secured when not in use. The Contractor and subcontractors will not perform any of the services from outside of the United States, and the Contractor will not allow any State of Florida data to be sent by any medium, transmitted, or accessed outside the United States due to Contractor's action or inaction. In the event of a security breach involving State of Florida data, the Contractor shall give notice to the Customer and the Department within one business day. "Security breach" for purposes of this section will refer to a confirmed event that compromises the confidentiality, integrity, or availability of data. Once a data breach has been contained, the Contractor must provide the Department with a post-incident report documenting all containment, eradication, and recovery measures taken. The Department reserves the right in its sole discretion to enlist a third party to audit Contractor's findings and produce an independent report, and the Contractor will fully cooperate with the third party. The Vendor Ombudsman may be contacted at (850) 413-5516.

6.7 Time is of the Essence.

Time is of the essence regarding every obligation of the Contractor under the Contract. Each obligation is deemed material, and a breach of any such obligation (including a breach resulting from untimely performance) is a material breach.

Such insurance must include the State of Florida as an additional insured for the entire length of the resulting contract. The Contractor is responsible for determining the minimum limits of liability necessary to provide reasonable financial protections to the Contractor and the State of Florida under the resulting contract.

7.3 Florida Authorized Insurers.

copyright, patent, trade secret, or e-vtual property right or out of any acts, actions, breaches, neglect, or omissions of the Contractor, its employees, agents, subcontractors, assignees, or delegates related to the Contract, as well as for any determination arising out of or related to the Contract that the Contractor or Contractor's employees, agents, subcontractors, assignees, or delegates are not independent contractors in relation to the Customer. The Contract does not constitute a waiver of sovereign immunity or consent by the Customer or the State of Florida or its subdivisions to suit by third parties. Without limiting this indemnification, the Customer may provide the Contractor (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at Contractor's sole expense, and (3) assistance in defending the action at Contractor's sole expense.

7.6 Limitation of Liability.

Unless otherwise specifically enumerated in the Contract or in the purchase order, neither the Department nor the Customer shall be liable for special, indirect, punitive, or consequential damages, including lost data or records (unless the Contract or purchase order requires the Contractor to back-up data or records), even if the Department or Customer has been advised that such damages are possible. Neither the Department nor the Customer shall be liable for lost profits, lost revenue, or lost institutional operating savings. The Department or Customer may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor as may be necessary to satisfy any claim for damages, penalties, costs, and the like asserted by or against them. The State may set off any liability or other obligation of the Contractor or its affiliates to the State against any payments due the Contractor under any contract with the State.

If the Contractor considers any portion of materials to be trade secret under section 688.002 or 812.081, F.S., or otherwise confidential under Florida or federal law, the Contractor must clearly designate that portion of the materials as trade secret or otherwise confidential when submitted to the Department. The Contractor will be responsible for responding to and resolving all claims for access to Contract-related materials it has designated trade secret or otherwise confidential.

8.2.2 Public Records Requests.

If the Department receives a public records request for materials designated by the Contractor as trade secret or otherwise confidential under Florida or federal law, the Contractor will be responsible for taking the appropriate legal action in response to the request. If the Contractor fails to take appropriate and timely action to protect the materials designated as trade secret or otherwise confidential, the Department will provide the materials to the requester.

8.2.3 Indemnification Related to Confidentiality of Materials.

The Contractor will protect, defend, indemnify, and hold harmless the Department for claims, costs, fines, and attorney's fees arising from or relating to its designation of materials as trade secret or otherwise confidential.

8.3 Document Management.

The Contractor must retain sufficient documentation to substantiate claims for payment under the Contract and all other records, electronic files, papers, and documents that were made in relation to this Contract. The State of Florida will be the sole owner of all patents resulting from any invention or discovery made through performance of the Contract.

8.4.3 Copyrightable Works.

Contractor must notify the Department or State of Florida of any publications, artwork, or other copyrightable works developed in connection with the Contract. All copyrights created or developed through performance of the Contract are owned solely by the State of Florida.

The Contractor and subcontractors will not perform any of the services from outside of the United States, and the Contractor will not allow any State of Florida data to be sent by any medium, transmitted, or accessed outside the United States due to Contractor's action or inaction. In the event of a security breach involving State of Florida data, the Contractor shall give notice to the Customer and the Department within one business day. "Security breach" for purposes of this section will refer to a confirmed event that compromises the confidentiality, integrity, or availability of data. Once a data breach has been contained, the Contractor must provide the Department with a post-incident report documenting all containment, eradication, and recovery measures taken. The Department reserves the right in its sole discretion to enlist a third party to audit Contractor's findings and produce an independent report, and the Contractor will fully cooperate with the third party. The Contractor will also comply with all HIPAA requirements and any other state and federal rules and regulations regarding security of information.

SECTION 10. GRATUITIES, LOBBYING, AND COMMUNICATIONS.

10.1 Gratuities.

The Contractor will not, in connection with this Contract, directly or indirectly (1) offer, give, or agree to give anything of value to anyone as consideration for any State of Florida officer's or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone anything of value for the benefit of, or at the direction or request of, any State of Florida officer or employee.

10.2 Lobbying.

In accordance with sections 11.062 and 216.347, F.S., Contract funds are not to be used for the purpose of lobbying the Legislature, the judicial branch, or the Department. Pursuant to section 287.058(6), F.S., the Contract does not prohibit the Contractor from lobbying the executive or legislative branch concerning the scope of services, performance, term, or compensation regarding the Contract after the Contract is executed and during the Contract term.

10.3 Communications.

10.3.1 Contractor Communication or Disclosure.

The Contractor shall not make any public statements, press releases, publicity releases, or other similar communications concerning the Contract or its subject matter or otherwise disclose or permit to be disclosed any of the data or other information obtained or furnished in compliance with the Contract, without first notifying the Customer's Contract Manager and securing the Customer's prior written consent.

10.3.2 Use of Customer Statements.

The Contractor shall not use any statement attributable to the Customer or its employees for the Contractor's promotions, press releases, publicity releases, marketing, corporate communications, or other similar communications, without first notifying the Customer's Contract Manager and securing the Customer's prior written consent.

SECTION 11. CONTRACT MONITORING.

11.1 Performance Standards.

The Contractor agrees to perform all tasks and provide deliverables as set forth in the Contract. The Department and the Customer will be entitled at all times, upon request, to be advised as to the status of work being done by the Contractor and of the details thereof.

11.2 Performance Deficiencies and Financial Consequences of Non-Performance.

11.2.1 Proposal of Corrective Action Plan.

In addition to the processes set forth in the Contract (e.g., service level agreements), if the Department or Customer determines that there is a performance deficiency that requires correction by the Contractor, then the Department or Customer will notify the Contractor. The correction must be made within a time-frame specified by the Department or Customer. The Contractor must provide the Department or Customer with a corrective action plan describing how the Contractor will address all performance deficiencies identified by the Department or Customer.

11.2.2 Retainage for Unacceptable Corrective Action Plan or Plan Failure.

If the corrective action plan is unacceptable to the Department or Customer, or implementation of the plan fails to remedy the performance deficiencies, the Department or Customer will retain ten percent (10%) of the total invoice amount. The retainage will be withheld until the Contractor resolves the performance deficiencies. If the performance deficiencies are resolved, the Contractor may invoice the Department or Customer for the retained amount. If the Contractor fails to resolve the performance deficiencies, the retained amount will be forfeited to compensate the Department or Customer for the performance deficiencies.

11.3 Performance Delay.

11.3.1 Notification.

The Contractor will promptly notify the Department or Customer upon becoming aware of any circumstances that may reasonably be expected to jeopardize the timely and successful completion (or delivery) of any commodity or contractual service. The Contractor will use commercially reasonable efforts to avoid or minimize any delays in performance and will inform the Department or the Customer of the steps the Contractor is taking or will take to do so, and the projected actual completion (or delivery) time. If the Contractor believes a delay in performance by the Department or the Customer has caused or will cause the Contractor to be unable to perform its obligations on time, the Contractor will promptly so notify the Department and use commercially reasonable efforts to perform its obligations on time notwithstanding the Department's delay.

11.3.2 Liquidated Damages.

The Contractor acknowledges that delayed performance will damage the Department/Customer, but by their nature such damages are difficult to ascertain. Accordingly, the liquidated damages provisions stated in the Contract documents will apply. Liquidated damages are not intended to be a penalty and are solely intended to compensate for damages.

11.4 Force Majeure, Notice of Delay, and No Damages for Delay.

The Contractor will not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees or agents contributed to the delay, and the delay is due directly to fire, explosion, earthquake, windstorm, flood, radioactive or toxic chemical hazard, war, military hostilities, terrorism, civil emergency, embargo, riot, strike, violent civil unrest, or other similar cause wholly beyond the Contractor's reasonable control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Contractor. The foregoing does not excuse delay which could have been avoided if the Contractor implemented any risk mitigation required by the Contract. In case of any delay the Contractor believes is excusable, the Contractor will notify the Department in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) calendar days after the cause that created or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) calendar days after the date the Contractor first had reason to believe that a delay could result. The foregoing will constitute the Contractor's sole remedy or excuse with respect to delay. Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages will be asserted by the Contractor. The Contractor will not be entitled to an increase in the Contract price or payment of any kind from the Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Contractor will perform at no increased cost, unless the Department determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State of Florida or to Customers, in which case the Department may (1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to Customers and the Department with respect to commodities or contractual services subjected to allocation, or (2) purchase from other sources (without recourse to and by the Contractor for the

related costs and expenses) to replace all or part of the commodity or contractual services that are the subject of the delay, which purchases may be deducted from the Contract quantity, or (3) terminate the Contract in whole or in part.

SECTION 12. CONTRACT AUDITS.

12.1 Performance or Compliance Audits.

The Department may conduct or have conducted performance and/or compliance audits of the Contractor and subcontractors as determined by the Department. The Department may conduct an audit and review all the Contractor's and subcontractors' data and records that directly relate to the Contract. To the extent necessary to verify the Contractor's fees and claims for payment under the Contract, the Contractor's agreements or contracts with subcontractors, partners, or agents of the Contractor, pertaining to the Contract, may be inspected by the Department upon fifteen (15) calendar days' notice, during normal working hours and in accordance with the Contractor's facility access procedures where facility access is required. Release statements from its subcontractors, partners, or agents are not required for the Department or its designee to conduct compliance and performance audits on any of the Contractor's contracts relating to this Contract. The Inspector General, in accordance with section 5.6, the State of Florida's Chief Financial Officer, the Office of the Auditor General also have authority to perform audits and inspections.

12.2 Payment Audit.
