- Review Stewards of Children Training – lessons learned:
 - We didn't use the COSW logo in the flyer → we should always brand the event with the logo and our slogan: "Women of Doral – Empowering Ourselves"
 - We discussed the potential reasons why we had the low attendance, we believe that the topic is one that people fear and it does not create attraction
 - We agreed that we would recommend to City Council during the November 12th meeting that the city staff or contractors that work directly with children (Parks and Recreation, Parks & Police for Kids, Youth Committee, City Volunteers over 18) attend the training
