Procedures for Community Based Organization Grant Program

1. Purpose

The purpose of this policy is to establish an objective and consistent manner in implementing and processing applications for the City of Doral Community Based Organization Grant Program ("Program"). This document provides policy, procedures, responsibilities and guidelines as they relate to this competitive reimbursement grant program.

Program Goal:

"To provide beneficiaries with opportunities to plan, develop and implement sustainable projects that will serve the needs of the Doral community."

Benefits of the Program shall have direct or indirect impact on the Doral community.

Programs may include those activities of an organization that may have a direct impact on the residents.

Projects for grant funding need to achieve measurable outcomes in terms of serving the residents of Doral.

Maximum amount of request is limited to $5,000 per non-for-profit organization/per fiscal year, unless greater amount is approved for a specific organization by a Council motion.

All organizations seeking funding must have a 501(c)(3) or 501(c)(6) status and meet all eligibility criteria.

Not applicable through CBO Grant Program (see Other Funding Requests Section):

This Program does not apply to sponsorship requests related to:
- Purchase of tables (e.g. gala, luncheon or dinner) or
- For profit organizations
2. Funding of CBO Grant Program

During each fiscal year’s budget process, Council will receive a proposed budget for the funding of the CBO Grant Program. Funding is up to the discretion of Council and no one program is guaranteed funding for a specific fiscal year or multiple years.

Funding is geared to assist new programs/projects in obtaining a head start and are not meant to sustain a program/project throughout its life cycle.

3. Responsible Department

The Office of the City Manager will delegate the administration of the CBO Grant Program to the Planning & Zoning Department, Economic Development Division.

4. Program Frequency

The CBO Grant Program may be made available through a noticed grant application cycle administered within each fiscal year (Fiscal Year: October 1 through September 30). If sufficient budgeted grant funds remain after a cycle of Doral-based applicants is awarded, the City Manager may authorize a second cycle allowing non-profit applicants from the surrounding community to apply for support of programs benefiting Doral residents.

Upon need and funding availability, the City Manager will have the authority to increase or decrease the number of available CBO Grant Programs in a fiscal year.

5. Grant Categories

Due to the volume of grant requests, the City of Doral has established Grant Categories that will assist in identifying each application submittal, and will be used during the scoring/selection process to ensure that the City provides an equitable opportunity to a variety of categories throughout the fiscal year.

In the event that during a CBO Grant Program submittal process more than one of the same category type is received by the City, the City will give higher priority to submittals that are aligned with the City’s Strategic Initiatives for the current Fiscal Year, are new programs to Doral, and have greater impact to the community.
The Grant Categories are:

The Office of the City Manager may consider a program/project in this category that involves artists from outside the immediate community, but event/activity must be conducted within Doral.

Programs/projects in this category to be conducted outside of the City Doral do not qualify through a CBO Grant Program.
This category is also intended to assist organizations that are new to presenting the
