EQUIPMENT INFORMATION:

Company Name: _____

Boiler Address: _____

City: _____ State: _____ Zip Code: _____

Boiler Location: _____ Business Use: _____

Serial No.: _____ Manufacturer: _____

Year Built: _____ Fuel Type: _____

You have been visited today due to an effort on behalf of the City of Doral Building Department to ensure the safety and welfare of all residents, business owners and visitors. Because of the complexity of boilers and unfired pressure vessels (compressors) and the potential hazards due to improper installation, maintenance and operation, an annual registration/recertification and inspection is required for all boilers and unfired pressure vessels (compressors) pursuant to the Miami-Dade County Building Code, Section 8-11(c) and Florida Statute 554.

You will be receiving an invoice shortly for each piece of equipment that needs to be registered. Please return the bottom portion of the invoice along with payment within thirty (30) days of receipt. Once we receive your payment, an inspection will be scheduled by our department. When the inspection is approved, a renewal sticker will be affixed to the equipment and a Certificate of Operation for the current year will be mailed to you.

Should you have any questions regarding the registration of boilers and/or unfired pressure vessels (compressor), please contact the City of Doral Building Department at (305) 593-6700.
