5.4 The payment of any Application for Payment by CITY, including the Final Request, does not constitute approval or acceptance by CITY of any item of the Work in such Request for Payment, nor shall it be construed as a waiver of any of CITY's rights hereunder or at law or in equity.

5.5 The Final Application for Payment by CONTRACTOR shall not be made until the CONTRACTOR delivers to the CITY complete original releases of all liens and claims signed by all Subcontractors, materialmen, suppliers, and vendors on a City of Doral Release of lien Form (Exhibit - J), and an affidavit that so far as the CONTRACTOR has knowledge or information, the releases include and cover all Materials and Work for which a lien or claim could be filed. WHEREAS, throughout the past few years the City of Doral’s (the “City”) Public Works Department (“PWD”) has received numerous speeding complaints originating within the Landmark Community; and

WHEREAS, as a result of these complaints, the PWD conducted a 7-day traffic speed data collection in May of 2019 at the following three (3) segments of City corridors within the Landmark Community (Community):

- NW 66th Street from NW 107th Avenue to NW 104th Avenue
- NW 66th Street from NW 104th Avenue to NW 102nd Avenue
- NW 104th Path from NW 66th Street to NW 107th Avenue; and

WHEREAS, the data collection revealed that the only segment that experienced a slight speeding condition was NW 66th Street east of NW 104th Avenue. However, at the time of the data collection, the buildings adjacent to this segment were still under construction. As such, no one was living in this area, and the on-street parking was not being occupied; and

WHEREAS, in order to comply with Miami-Dade County (MDC) requirements, the data needed to be recollected after the construction was completed to account for normalized traffic patterns. The City met with Landmark Property Manager and a few Board Members on June 6, 2019, to present the May 2019 data findings and recommended revisiting the concerns once the Community was fully built out.; and

WHEREAS, in September of 2020, the PWD once again received requests from residents of Landmark at Doral Community to install traffic calming devices to slow down vehicles along NW 66th Street between NW 102nd Avenue and NW 107th Avenue. The residents expressed concerns with high vehicle speeds along this road and the proximity of on-street parking and residences' entrance to the street. The City also received a request to increase pedestrians/bicyclists' safety at the crossings located at NW 62nd Street, NW 66th Street, and NW 104th Path along the existing shared-use path that runs parallel to NW 107th Avenue.; and

WHEREAS, on February 2021, the PWD initiated the Landmark Traffic Calming Study for the Landmark Community which included traffic data collection, crash analysis, public involvement, coordination with Miami-Dade County, as well an assessment of the two (2) pedestrians/bicycle shared use path crossings located at NW 66th Street east of NW 107th Avenue, and at NW 62nd Street east of NW 107th Avenue; and

WHEREAS, based on the analysis, the following recommendations were made to improve operations and safety along with the study segments and the shared use path crossings:

 - Install high emphasis crosswalk equipped with Pedestrian Hybrid Beacon at:

- Segment NW 104th Path from NW 66th Street to Limestone Trail
 - Install Speed Humps for northbound and southbound travel directions
 - Midblock b/w NW 66th Street and NW 64th Lane
 - Midblock b/w NW 64th Lane and south end of NW 104th Path

- Shared Use Path crossing at Limestone Trail
 - Realign/Redesign shared use path
 - As a short-term solution, remove the landscaping on the west side of NW 104th Path that is restricting sight distance for pedestrians at the crosswalk

and install high emphasis crosswalk marking and standard signs for shared use path; and

WHEREAS, at the February 2021 Council Meeting, the Mayor and City Councilmembers approved Resolution No. 22-25 (approved 5-0) adopting the Landmark Traffic Calming Study; and

WHEREAS, the PWD requested a proposal from Stantec, Inc. to provide design engineering services as outlined in the Landmark Traffic Calming Study; and

WHEREAS, design services were completed by August 1, 2024; and
