

Traffic Safety 101

Tip #1

Artist
Noah Barguez-Arias

Always wear a helmet

Whenever you want
to go ride a bike ...

Always be sure to wear a

HELMET

You wouldn't want to be
out, having fun ...

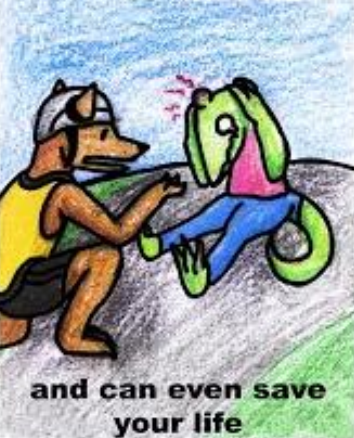

And then accidentally

hitting your
head

Helmets prevent injury

and can even save
your life

So never forget to wear
one when you decide to
ride

If you can't put one on
yourself ...

Get an adult to help you

Now go out there, have fun
and **RIDE SAFE!**

Tip #2

Be careful when talking to strangers

Artist Noah Bargez-Arias

Whenever you are going out especially by yourself always pay attention to the people around you

Some can be good! Others...

You need to be careful people's intentions can vary, no matter what they look like

Even the sweetest of faces may be looking to cause harm

So be safe! Don't take offers from strangers...

And don't follow them if they ask you to go somewhere, no matter what reason they give.

Tip #4

When you are at school

or hanging out

or going home

And enjoying your way

Be aware of your

SURROUNDINGS

IF you see something

strange

Go somewhere safe

If you have a phone

CALL 911

And always tell your teacher or an adult

so you can keep yourself

and everyone else safe
