Subject: **The Florida Worksite Wellness Awards Recognizes City of Doral**

The Consortium for a Healthier Miami-Dade recently hosted its 22nd Annual Event and Worksite Wellness Awards at the Milander Center for Arts and Entertainment, welcoming over 90 attendees, including public health leaders, community stakeholders, and wellness advocates. The event celebrated 22 years of impact under the theme “*Transforming Miami-Dade: Inspiring Healthy Environments, Empowering Healthy Lives, and Strengthening Our Community*,” highlighting the Consortium’s longstanding role as a leading advocate for collaborative public health initiatives throughout Miami-Dade County.

During the event, panel discussions titled “*Building a Legacy for Miami-Dade*” and “*Worksite Wellness*” explored emerging public health priorities, including innovative funding strategies, chronic disease prevention, physical activity, nutrition, mental well-being, and paid family leave, with a particular focus on the health and well-being of Miami-Dade workers.

As part of the Florida Worksite Wellness Awards ceremony, the City of Doral was recognized as the Winner for the Mid-sized Employer Group. Notably, this marks the first time the City of Doral has ever received this prestigious award, making the recognition particularly special and significant. This honor reflects the City’s outstanding employee wellness programming and leadership in fostering a healthy workplace culture and underscores its role in promoting healthier lives for its workforce while contributing to a productive and thriving community.

The City of Doral is proud of this first-time recognition, which reaffirms its strong commitment to supporting employees and reinforces the belief that organizational success is built upon the health and well-being of its workforce.
