The financial information presented in the Popular Annual Financial Report (PAFR) of the City of Doral is published in order to increase public awareness and provide a more user-friendly presentation of the City’s financial position. This includes a review of sources of revenue and uses of expenditures, as well as, economic information about the community and a highlight of fiscal spending for the City for the current fiscal year 2021.

The PAFR summarizes and condenses the financial activities of the City of Doral’s governmental and business-type activities and derives its information from the City’s Annual Comprehensive Financial Report for the Fiscal Year ended September 30, 2021. The Annual Financial Report is prepared in conformance with accounting principles generally accepted in the United States (GAAP) and it also includes financial statements audited by Caballero Fierman Llerena & Garcia, LLP.

Please note that the financial data in this report is unaudited and presented on a non-GAAP basis. This means that it contains condensed financial information and does not provide all of the necessary financial statements and note disclosures required by GAAP for governmental entities. The GAAP basis presentation in the Annual Comprehensive Financial Report includes the presentation of individual funds, as well as, full disclosure of all material events, financial and non-financial, in notes to the financial statements. We invite you to access the City’s audited Annual Comprehensive Financial Report online presented on a GAAP basis with more detailed information on the City’s finances. Both the Popular Annual Financial Report and the Annual Comprehensive Financial Report are available online at <https://www.cityofdoral.com/all-departments/finance/>.

CITY MANAGER'S MESSAGE

To the Citizens of the City of Doral:

The Mayor and City Council are pleased to present herein the City's Popular Annual Financial Report (PAFR) for the Fiscal Year ending September 30, 2021. The PAFR provides our citizens with a snapshot of the City's financial condition in a user-friendly manner and helps demonstrate why the City of Doral is such a great place to "Live, Work, Learn and Play." The financial information presented here is derived from the City's 2021 Annual Comprehensive Financial Report. The Annual Financial Report provides complete financial disclosure and may be viewed and downloaded by accessing the City's website at www.cityofdoral.com.

There is no surprise that Doral is one of the fastest growing cities in the State of Florida, when considering its ideal location. Recognized as an epicenter of international trade and commerce, Doral is well known as an excellent place to do business. Doral has ranked as the #3 best small city for small businesses in the US by Go. Verizon. With a business district among the most vibrant in South Florida, and the Miami Free Zone offering duty-free warehouse space that attracts international trade, it's no wonder that Doral's economy represents many different sectors including logistics, health and hospitality, flower imports, and the number one tile district in the country.

Since the City's incorporation, City leadership has envisioned world-class parks with many amenities that would be multi-generational, multi-purpose, and multi-seasonal. Recognizing that the City would continue to grow overtime, the goal is to have a park within a short walking distance from most residences that serves the recreational needs of residents of all ages, interests, and capabilities. On November 6, 2018 the Doral Parks for Tomorrow Bond was put to a vote and passed. Since voting in favor of the Park Bond, your City Council and City Staff are fast at work to provide the quality parks desired. Park projects and improvements funded by this bond include green spaces, nature areas, sports fields, play areas, infrastructure, aquatics facility, community center, cultural amenities, walking/biking trails, specialty recreation areas, and safety features.

The City of Doral is committed to its mission "To serve our community by relentlessly pursuing the highest quality of life through the delivery of efficient, sustainable, transparent, ethical and accountable government". I would like to give thanks to the Finance staff, all City Departments and the City's Auditors, which helped provide necessary information in creating the City's Popular Annual Financial Report.

Respectfully yours,

A handwritten signature in black ink that reads "Hernan M. Organvidez". The signature is written in a cursive, flowing style.

FINANCE AWARDS AND CERTIFICATES

The Governmental Finance Officers Association of the United States and Canada (GFOA) awarded a **Certificate of Achievement for Excellence in Financial Reporting** to the City for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2020. In order to be awarded a Certificate of Achievement; a government must publish an easily readable and efficiently organized Comprehensive Annual Financial Report. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

The Government Finance Officers Association of the United States and Canada (GFOA) presented a **Distinguished Budget Presentation Award** to City of Doral, Florida for its annual budget for the fiscal year beginning October 1, 2020. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements and has been submitted to the GFOA to determine its eligibility for another award.

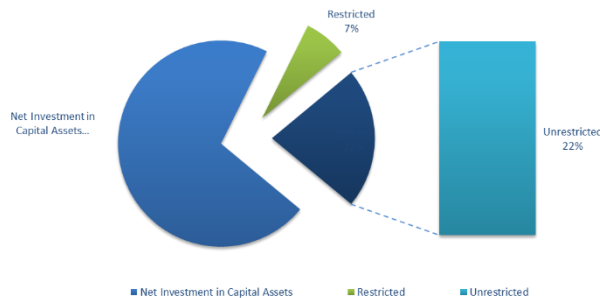

The Government Finance Officers Association of the United States and Canada (GFOA) has given an **Award for Outstanding Achievement in Popular Annual Financial Reporting** to City of Doral, Florida for its Popular Annual Financial Report for the fiscal year ended September 30, 2020. The Award for Outstanding Achievement in Popular Annual Financial Reporting is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government popular reports. In order to receive an Award for Outstanding Achievement in Popular Annual financial reporting, a government unit must publish a Popular Annual Financial Report, whose contents conform to program standards of creativity, presentation, understandability, and reader appeal. The Award for Outstanding Achievement in Popular Annual Reporting is valid for a period of one year only. We believe our current report continues to conform to the Popular Annual Financial Reporting requirements, and we are submitting it to GFOA.

STATEMENT OF NET POSITION

The Government-wide Balance Sheet, known as the *Statement of Net Position*, presents information on all of the City's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. There was an increase of \$12.6 million in the City's net position over fiscal year 2020. The following financial summary is based upon a condensed summary of the City's net position for all governmental and business-type activities as of September 30, 2020 and 2021.

Net Position

Net Investment in Capital Assets - This represents the City's investment in its capital assets, less accumulated depreciation, and any related outstanding debt attributable. The resources needed to repay this debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities.

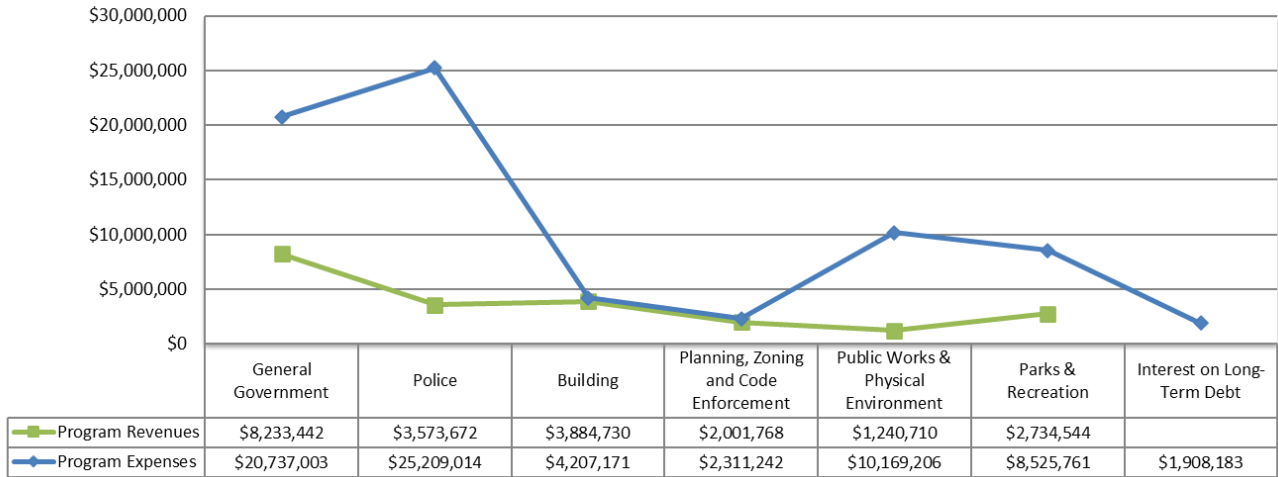

Restricted Net Position - Resources whose use is subject to externally imposed restrictions. The City has resources set aside for debt service, capital projects, and specific projects and programs established by the City Council.

Unrestricted Net Position - These are resources that are accessible to the City to provide services to the residents if there were no additional revenues or resources available.

STATEMENT OF ACTIVITIES

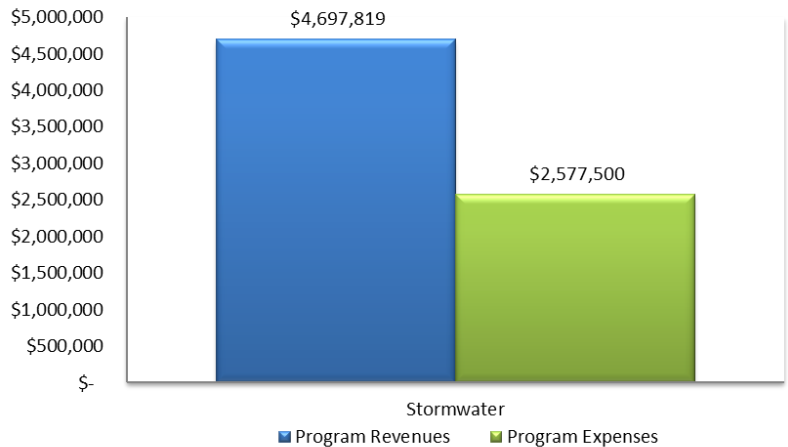

The Government-wide Income Statement is known as the *Statement of Activities*, which provides a report on the money received (revenues) and spent (expenditures) by the City during the fiscal year. The following graphs show a summary of revenues and expenditures for Governmental and Business-type activities as they relate to the program category in which the funds were collected or expended. Governmental activities reflect the City’s basic services, including general government, police, public works and physical environment, planning, zoning, and code enforcement, building, and parks and recreation. Business-type activities are comprised of Stormwater (wastewater) utilities.

Governmental Activities-Program Revenues and Expenses

Governmental activities increased the City’s net position by \$10.4 million during the current fiscal year. Charges for services accounted for 15% of total governmental revenues. A decrease of \$2.5 million over prior year, attributable to the effects of the Covid-19 pandemic. As well as, a decrease in police services by \$61 thousand. Total governmental program expenditures totaled \$73.1 million with Police program expenditures representing 35% of the total. The decrease of \$6.4 million in Police program expenditures is primarily attributable to the Pension Liability.

Business-Type Activities - Program Revenues and Expenses

Business-type funds are used to report any activity for which a fee is charged to users for goods and services to recover the cost of the service provided. The net position in business-type activities increased to \$42.3 million when compared to the \$40.1 million from the last fiscal year. Overall, this is a result of revenues continuing to exceed expenditures.

GOVERNMENTAL FUNDS

The City maintains many individual governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

Revenues by Major Governmental Fund

Expenditures by Major Governmental Fund

Fund Balance: Represents the difference between the assets and liabilities in a governmental fund.

Assigned Fund Balance: Is the portion of fund balance that is intended to be used for specific purposes but do not meet the criteria to be classified as restricted or committed.

Unassigned Fund Balance: Is the residual classification for the government’s general fund and includes all spendable amounts not contained in the other classifications.

Committed Fund Balance: Is the portion of fund balance that represents resources whose use is constrained by limitations that the government imposes on itself.

The General Fund balance increased from \$79.6 million at the end of 2020, to \$85.6 million at the end of the current fiscal year. Of that amount, \$75.3 million constitutes *unassigned fund* balance, which is available for spending at the City’s discretion; \$8 million, is *assigned* for various projects such as the design and construction of adoptive re-use area, park improvements, installation of license plate readers, and implementation of a permitting system. In addition, \$2.3 million are *committed* to the Building Department Fund.

GENERAL FUND - REVENUES

The General Fund is the primary operating fund of the City. It is used to account for all financial resources except for those required to be accounted for in another fund. It is useful to analyze as it reflects revenues and expenditures available for general use. The general fund is where the most significant revenue source (property taxes) and a majority of the City's expenditures are accounted for, including public safety (police) and City administration.

The majority of services are financed through shared state sales tax, local utility tax, property tax and direct charges for services. Compared to previous year, FY 2021 total general fund revenues increased by \$4.3 million. The largest revenue source for the City is property taxes, which make up for 39% of general fund revenues. The second and third largest revenue sources are utility taxes (15%) and franchise fees (13%), respectively.

Property Taxes: An Ad Valorem tax levied on the assessed value (net of any exemptions) of real personal property within the City.

Utility Taxes: A tax on purchases within the City for electricity, metered natural gas, manufactured gas and water service.

Franchise Fees: Fees charged for the ability to operate businesses such as electricity and waste disposal services within the City limits.

Intergovernmental: The combined resources received from other governments in the form of state shared revenue.

Licenses, Permits, and Fines: Revenues received for business taxes, building and planning permits, and code fines.

Communication Service Tax: A tax on telephone and cable television received from state shared revenue.

Charges for Services: The combined resources of various departments for fees paid by the public such as, recreation fees.

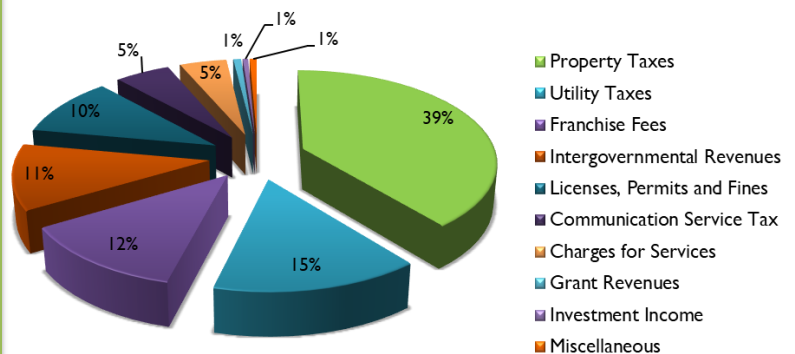

Grants: Operating and capital grants and contributions received from other entities.

Investment Income: Interest earned on investments, such as treasuries, and federal agencies as allowed by state statutes and city policy.

Miscellaneous: Revenues received that do not fall into the above designated categories, such as insurance proceeds.
