## ITB No. 2021-05 - Telecommunications Wiring Services Addendum No. 2

Below are questions/ clarifications that were received regarding this project as well as the City's responses. This Addendum is and does become a part of the above-mentioned solicitation. This addendum is issued to modify the subject solicitation as follows:

1. Line 9 ask for an 8 fiber, we would have to quote 12-fiber since 8-fiber is hardly ever sold, might be discontinued or require a large min purchase quantity.
  - 12-fiber is ok for quotes
2. Lines 14-15 never specified fiber type, plenum or riser, etc.
  - Riser
3. Lines 33-43, please confirm if all cords are duplex
  - Yes, all cords are duplex
4. Lines 33-43, please confirm fiber type for all fiber patch cords as well.
  - Riser
5. Lines 128 + 131 for the surge protector and the universal mounting kit, Tripp-Lite would need a little more info to quote accurately, please advise if you have specifics on a surge protector type.
  - For Surge Protector: Tripp Lite Part Number = B110-SP-CAT-OD or equivalent  
For Universal Mounting Kit: Tripp Lite Part Number = ENBRKT or equivalent
  - Below are additional questions and answers. The City's response is in **BLUE**.

Item No.	Description:	Brand/ Manufacturer	Unit of Measure (UOM)	(A) Estimated Annual Quantity:
9	<p>Telecommunications Wiring Parts and Services:  <b>100ft 8 standard 62.5/125 um Optical Fiber Cable, Riser</b></p> <p>Is 12-Strand ok? <b>YES, IT IS</b></p>	Corning or Approved Equivalent	Each (100ft setting)	100
14	<p>Telecommunications Wiring Parts and Services:  <b>100ft 6 –Standard Fiber Optic Cable I/O</b></p> <p>Riser or Plenum? <b>RISER</b></p>	Corning or Approved Equivalent	Each (100ft setting)	100
