

# City of Doral

RFP No. 2021-11

## Adaptive Re-Use Infrastructure Development Design Build Addendum No. 1

Below are questions/ clarifications that were received regarding this project as well as the City's responses. This Addendum is and does become a part of the above-mentioned solicitation. This addendum is issued to modify the subject solicitation as follows:

Firms are able to submit Letters of Interest electronically via DemandStar **OR** Vendor Registry.

1. In reviewing the Phase 1 Submittal, we noticed that the majority of the sections have a page limitation (Statement of Interest - Limited to 2 Pages, Experience & Qualifications – Limited to 4 Pages, Key Personnel – 10 Pages, Quality & Project Approach – Limited to 4 Pages); however, the Safety and Value Added/Information Section do not have a page limitation. Please advise whether these sections have a page limitation. Also, is there a page limitation for the entire Phase I Submittal.
  - Safety and Value Added – 3 pages maximum
  - Information Section – 3 pages maximum
  - Phase I Submittal – Not to exceed 100 pages not including the required forms
2. During the Pre-Bid Meeting, it was discussed that the City would entertain the possibility of an electronic submittal. Can you please advise whether the City has decided whether an electronic submittal will be acceptable?
  - Yes, online will be accepted via DemandStar or Vendor Registry. Hard Copies will also be allowed.
3. We need the “Solicitation Response Form” which was provided on the last advertisement under addendum No. 1.
  - The Solicitation Response Form is not need as the responses are to be submitted electronically.
