RFQ No. 2022-01 General Planning and Zoning Consulting Services Addendum No. 1

Below are questions/ clarifications that were received regarding this project as well as the City's responses. This Addendum is and does become a part of the above-mentioned solicitation. This addendum is issued to modify the subject solicitation as follows:

1. In the RFQ under Submittal Format, TAB 7 is missing and jumps straight to TAB 8. Can you please confirm the total number of TABS?
 - That was a typographical error. There are seven (7) tabs in total for the submittal format.
2. How many completed reference forms do you require?
 - A minimum of three (3) reference forms are required.
3. Section 2.2 Qualifications states “the proposer shall have been engaged in the previous five (5) years in the business of providing general planning and zoning consulting services to local, regional, and state governments.” Our firm has operated in South Florida providing this scope of services for over 20 years. However, our firm was acquired in 2020 by a larger multi-disciplinary firm. Would this in anyway preclude us from meeting the minimum 5-year requirement?
 - Minimum experience required can be held by the firm, key personnel, or a combination of both.
