**FROM THE DESK OF
THE MAYOR**

Dear Residents of Doral,

As summer arrives in Doral, bringing sunshine, energy, and time for family fun, I'm reminded of the strong sense of community that makes our City shine. This season offers more than just warmer days—it's a time to celebrate our progress, reflect on our shared values, and look ahead with hope and determination.

This summer, I invite you and your families to make the most of our newly completed Doral Central Park—a true gem in the heart of our city. Whether you're looking to stay active, unwind, or connect with neighbors, there's something for everyone. I especially encourage you to check out the state-of-the-art aquatics facility and competition pool, perfect for cooling off and staying fit all season long. Doral Central Park is your destination for summer fun and community connection!

As children enjoy their summer break, I encourage all families to prioritize summer safety—from practicing water safety to staying hydrated and aware of heat-related risks. The City of Doral remains committed to supporting programs and resources that help keep our youth safe and active throughout the season.

Summer also marks the beginning of hurricane season, and preparation is key. I urge all residents and business owners to review your emergency plans, update supply kits, and stay informed through our official communication channels. Your preparedness helps protect not only your family but our entire community.

Your engagement continues to be the foundation of Doral's success. Together, we're not only meeting the needs of today, but building a future filled with opportunity, innovation, and pride.

Let's make this summer safe, joyful, and memorable—for every family and every neighbor. I look forward to seeing you at our parks, events, and around our beautiful city!

Warmest regards,

Mayor, City of Doral

PARKS & FACILITIES

The Parks and Recreation Department operates and maintains eleven (11) parks with an abundance of amenities for every age and lifestyle including: community centers, lighted artificial sports fields, basketball courts, tennis courts, volleyball courts, bike-ways, jogging trails, exercise stations, batting cages, shaded playgrounds, dog-friendly off-leash areas (Trails and Tails & White Course) and covered pavilions/picnic tables available for party rentals. The City offers clean, safe and secure facilities for adults and children to play and natural areas for everyone to enjoy.

SUMMER FLOODPLAIN Management Tips

Flooding is a serious risk for many homeowners, with over one-third of Americans living in flood-prone areas. As climate change leads to more extreme weather events, flooding events are only expected to increase in frequency and severity. Implementing flood protection measures is key to reducing flood damage and financial loss. [This article provides 5 quick tips that homeowners can use to better protect their property from summer flooding events and potential hurricanes.](#) We cover checking your flood risk, trees that help with flooding, home, and business protection, maintaining drainage systems, and having an emergency flood plan in place. Data on annual flood costs and common flood insurance myths are also provided to underscore the importance of flood preparedness. Equipped with these simple suggestions, homeowners can greatly improve their resilience this Summer.

1. **Check your flood risk.** The first step to protecting your property from flooding is to know your flood risk. You can use FEMA's Flood Map Service Center to check your flood risk and learn more about flood insurance.
2. **Plant trees that help collect water.** Species like cypress, red maple and pond apple can survive a wide range of water conditions. Trees native to Florida can withstand temporary flooding.
3. **Use Low Impact Development (LID).** Design approach to manage stormwater runoff as part of green infrastructure. These include vegetable swales, permeable pavers, green roofs, natural area preservation, rain gardens, and rain barrels or cisterns.
4. **Clear your gutters and downspouts.** Clogged gutters and downspouts can direct water towards your foundation and increase your risk of flooding. Be sure to clean your gutters and downspouts regularly, especially before and after heavy rains.
5. **Have a flood plan.** In the event of a flood, it is important to have a plan in place. This includes knowing where to go, what to take with you, and who to contact.

According to FEMA, over one-third of all Americans live in flood-prone areas. Flooding is the most common natural disaster in the United States, and it can cause billions of dollars in damage each year.

Frequently Asked Questions

FAQs

Q: Why does flood insurance take 30 days to activate?

A: Both private and federal government carriers often require waiting periods to stop people from only buying insurance coverage just before or after a disaster strikes.

Q: Can I shop around for flood insurance?

A: There's no need to shop around for policies backed by the National Flood Insurance Program. All FEMA - approved providers use the same rating factors to calculate their premiums, so you won't find a better deal from one carrier over another.

Q: What is proof of "loss"?

A: Proof of loss - the policyholder's valuation of claimed damages - is a sworn statement made by the policyholder that substantiates the insurance claim and is required to be submitted to the NFIP or WYO company within 60 days of the loss.

Common Myths

Myth: If I don't live near a river, stream, or ocean I'm not at risk of flooding.

Fact: Flooding can occur anywhere, even in areas that are not near a body of water. Floodwaters can travel long distances and can quickly inundate areas that are not typically thought of as flood prone.

Myth: I have homeowners' insurance, why would I need flood insurance.

Fact: Homeowners insurance does not cover flood damage. Flood insurance is a separate type of insurance that is necessary to protect your property and contents from flooding.

BE PREPARED!

Get Your Family Game Plan Ready

Storms don't wait for a convenient time, so now's the moment to chat with your family. Who calls who? Where do you meet? What's the plan if you're apart? A little prep now means less stress later.

Know When to Call 311 — Not 911

**DIAL
311**

Emergencies? 911 is the number. But for everything else — like reporting downed signs or spotting price gouging — 311's got your back.

You can report non-emergency issues through Miami-Dade County's 311 phone line or use the City of Doral's online 311 portal or city app to submit local concerns quickly and easily. It's your go-to for non-urgent help and info.

Stock Up & Get Set Before It Hits

Think of this as your hurricane checklist moment. Grab your supplies, trim those trees, and cozy up your pets. Need a hand getting out if things get tricky? The Emergency & Evacuation Assistance Program (EEAP) is here to help.

Ride Out the Storm Safely

When the winds start to howl, hunker down indoors—preferably in a room without windows. Flashlights over candles, phones off (unless it's urgent), and definitely no outdoor adventures during the eye's "calm." Keep your loved ones close and spirits high.

After the Storm: What's Next?

The worst is over, but stay sharp. Check for hazards like gas leaks or fallen power lines before you step outside. And if you need help, the Storm Aides For Everyone (SAFE) online tool will point you to open shelters and assistance.

Quick Resources to Keep Handy:

- **311 Contact Center:** For non-emergency questions and to report issues
- **Ready MDC App:** Real-time alerts and info for iOS and Android
- **Interactive Maps:** Evacuation orders, shelters, and storm surge zones
- **Power Outage Reporting:** Florida Power & Light (FPL)
- **Emergency & Evacuation Assistance Program (EEAP):** Specialized evacuation help

**Staying informed and prepared is the best way to protect yourself
and your loved ones this hurricane season.**

DORAL BACK TO SCHOOL GUIDE

Kick off the school year with smiles, savings, and safety!

Shop Smart: Florida's Back-to-School Sales Tax Holiday

- Learning aids & puzzles (up to \$30)
- School supplies (up to \$50)
- Clothing & accessories (up to \$100)
- Personal computers & accessories (up to \$1,500)

Families saved **\$87 million** during last year's holiday — so grab your list and head to the stores (or shop local!) during this amazing event. Stay tuned for the official 2025 Sales Tax Holiday announcement!

Slow Down, Doral — School Zones Are Back

When schools reopen, school zones do too. That means it's time to pump the brakes and ditch the distractions. No speeding. No texting. Just safe driving for our youngest residents.

Coming Soon: RedSpeed Cameras

Heads up, Doral drivers — RedSpeed safety cameras are coming to school zones this August! These cameras will automatically ticket drivers who speed during active school hours, helping to keep our students safe.

They'll only operate when school zone lights are flashing, and signs will be posted in advance. The official launch date is still in the works, expect launch date coming soon!

Start the School Year Off Right

New year, new routines! Whether your kids are kindergarten rookies or seasoned seniors, the first week sets the tone. Here are some simple ways to keep mornings smooth and spirits high:

- **Plan the Night Before:** Pick outfits, pack lunches, and set alarms early — future you will be grateful.
- **Snap a Tradition Pic:** Pick a spot in your home or yard to take a first-day photo each year. Bonus points for signs or props!
- **Leave Extra Time:** Traffic will be heavier. Build in cushion time so no one starts the day stressed.
- **Talk It Out:** Nerves are normal. Ask your kids what they're excited about — and what they might be worried about too.

**Starting strong isn't about perfection — it's about feeling supported, calm, and ready to grow.
Let's make this year the best one yet!**

GMX Road Rangers

Free Roadside Help When You Need It Most!

Did you know the Greater Miami Expressway Agency (GMX) offers free roadside assistance 24/7 across its network of expressways? It's simple, dial *347! Whether you're driving on the Dolphin/SR 836 or Airport/ SR112 Expressways, GMX's Road Ranger Program is here to keep you safe and moving.

Our dedicated GMX Road Rangers are on the roads around the clock, patrolling for disabled vehicles, hazardous debris, and emergencies. Whether you've experienced a flat tire, run out of gas, or your vehicle becomes immobile, help is just moments away.

Here's what to do if you need assistance:

- Turn on your hazard lights
- Pull your vehicle over to the shoulder, out of the traffic lanes
- Lock your doors and remain in your vehicle
- A GMX Road Ranger, in a clearly marked vehicle, will be there shortly to help

GMX's Traffic Management Center (TMC) actively monitors all roadways via a system of cameras and can quickly dispatch a Road Ranger to your location. And with Road Rangers constantly patrolling, most drivers wait less than 15 minutes for assistance.

Best of all? It's completely FREE.

Services include:

- Flat tire assistance
- Gas refills (limited supply)
- Battery jump-starts
- Clearing roadway hazards

Next time you hit the road, drive with confidence knowing GMX's Road Rangers are here for you—keeping you safe, 24/7.

Greater Miami Expressway Agency

We are proud to bring you the Doral Life Summer Issue. This official City publication aims to communicate exciting news, events and initiatives of interest to our residents. Email us at Jessica.Guerrero@cityofdoral.com with ideas on what else you may want to see published in this magazine.

Your feedback is very valuable to us! The Doral Life magazine can also be enjoyed in Spanish.
